## COMMISSION UNDERTAKING INVESTIGATION

**Saskatchewan Government Takes Steps for Probe of Strikers' Trek**

**PROCEEDING HOME BY SPECIAL TRAINS**

REGINA, July 5 (P).—Appointment of a judicial commission to investigate the trek of relief camp workers through Saskatchewan, and consequent rioting, was made today by the Saskatchewan Government, as 1500 strikers from the camps sped East and West to their homes or relief camps.

Chief Justice J. T. Brown, of the Court of King's Bench, will be chairman of the commission. Mr. Justice W. M. Martin, of the Court of Appeal, and Judge A. E. Dook, of the District Court at Prince Albert, will be the other two members.

### COMPLETE INQUIRY

Complete investigation of the trek of relief camp workers into Saskatchewan from British Columbia and Alberta will be made by the commission, with specific attention to Dominion Day rioting that cost the life of Detective Charles Millar, injury to about 100 persons, arrest of 120, and damage to city property estimated at \$25,000.

The commission will organize for its work next week, said Premier J. G. Gardiner, of Saskatchewan, in announcing the appointments. Its programme will be marked out at that time, and decision made as to when sittings will commence. Premier Gardiner said the inquiry would cover every angle of the movement of the men in the province.

### HOMEWARD BOUND

Three weeks to the day they rode atop freight cars into the city, the striking relief camp workers gathered at the Stadium at noon today, marched to waiting special trains and "rode the cushions" westward to their homes. There were 1200 of them on the two specials, and another 300 left for points East on regular trains tonight.

## PLEADING FOR STABILIZATION

**Members of British House Emphatic in Advocacy of Steadying Currencies**

LONDON, July 5 (P).—Sally comment on the United States "new deal" public works problem reasoned renewed pleas for international currency stabilization in the House of Commons today.

Robert Boothby, Conservative member, who recently visited the United States, after urging Britain to seek American co-operation to end the "chaotic currency system," turned to public work abroad and remarked:

"It is frightfully expensive. You can take it as axiomatic that it is much cheaper to pay men money than to put them on specific work."

Another advocate of steady world currencies was David Mason, Liberal, who said:

"If it is true that Britain can't stabilize until she gets France or America to agree, then for God's sake ask the foreign countries. They are anxious to be asked."

Boothby, advising use of the British and American stabilization funds for a common object instead of "a sort of secret war," said:

"The fund should be used for co-operation instead of semi-concealed hostility, which naturally arouses the maximum suspicion on both sides of the Atlantic. Our first line of advance should be in the direction of closer co-operation with the United States."

## JURY SWORN IN FOR WALEY CASE

**Trial of Woman Charged With Tacoma Kidnapping to Open Next Tuesday**

TACOMA, Wash., July 5 (P).—Mrs. Margaret Waley, on trial for the Lindbergh law kidnapping of nine-year-old George Weyerhaeuser, went back to her city jail for lunch today after a jury had been selected to try the case.

Eleven men (one an alternate) and two women were chosen in one hour and twenty-five minutes. Then the jury was sworn and excused in custody of bailiffs until next Tuesday morning when testimony of the Government's seventy-two witnesses and the defense's two, will begin.

## Police and Strikers Clash in Regina Square

In this fierce battle on Regina Market Square, Monday night, Detective Charles Millar, of the Regina City Police, was fatally beaten about the head. Detective Millar is the man on the ground to the right. Other officers are seen rushing to his assistance as strikers advance with rocks and clubs. Another fallen man is shown on the left. Nearly 100 were injured, many seriously, in the clash between relief camp strikers, citizens and police.

## Last Session of Present Parliament Is Prorogued After Three-Hour Delay

**Soviet Will Build Sixteen Planes of Max Gorky Type**

MOSCOW, July 5 (P).—The Soviet Government today ordered the construction of sixteen airplanes of the type of the Maxim Gorky which until it crashed on May 18, killing forty-nine persons—was the largest land plane in the world.

## Substitute For Cotton Discovered

LONDON, July 6 (P).—The Daily Express today quotes Dr. E. F. Armstrong, one of Great Britain's leading industrial chemists, that cotton will be replaced by a fabric made from woodpulp.

"Scientists have now discovered a way whereby staple fibre from woodpulp can be made into a fabric, machinery now in use in the cotton mills," The Express quoted Dr. Armstrong. "New factories to supply this material are already being built in Lancashire."

### LOST TOES IN STORM

AMULET, Sask., July 5 (P).—Mrs. Ed Griffith mourned the loss of several toes tonight. A bolt of lightning struck her farm home, passed through the kitchen stove and took off the digits. A dog was killed.

### Two Deaths Charged To Excessive Heat In Eastern Canada

**Man Succumbs to Sunstroke in Ottawa—Truck Driver Killed by Driving Into Ditch When Presumably Asleep at the Wheel**

TORONTO, July 6 (P).—Most Canadians had something to talk about last night—the heat and especially the humidity. Two deaths were attributed to the weather.

From Sault Ste. Marie to Quebec City maximum temperatures yesterday ranged from 80 to well over 90 degrees.

The Soo and Windsor districts were the hottest spots in the Dominion with an official reading of 92. Stratford with 95 and Brantford with 94, unofficial recordings, upheld the uncomfortable picture.

Upheld the uncomfortable picture, preceded by the weather map for the Upper St. Lawrence, Ottawa Valley and Lake Superior regions.

### COOL ON COAST

Halifax reported 78, but the Pacific Coast was comparatively cool, with maximums of 68 at Vancouver and 60 at Victoria. Medicine Hat, in Southern Alberta, was the only warm district on the Prairies, with 80. Edmonton registered 72, Saskatoon 74 and Winnipeg 68.

## Deadlock Between House and Senate Over Amendments to Trade and Industry Board Won by Upper Chamber—General Elections to Be Held During Late Summer

OTTAWA, July 5 (P).—Members of the House of Commons were catching late trains for their homes tonight, with the session behind them and a general election scheduled for the late Summer or early Fall, probably September. Featured by a deadlock between the House and Senate over amendments to the trade and industry board, parliament finally prorogued late this afternoon with the usual pomp and colour.

Lord Bessborough, the retiring Governor-General, read the Throne Speech to packed galleries and a small coterie of members and senators who stayed for the parliamentary windup. It enumerated the reform bills passed during the session, predicted they would prove of great benefit to the country and announced a royal commission on public health would be appointed. While members of the House amused themselves and two galleries with a sing-song, Government leaders in the House and Senate were attempting to iron out differences of opinion.

For two or three days, amendments to the Trade and Industry Board Bill have been passed between the two Houses like shuttlecocks. For one thing, the Senate insisted the new board should not have power to investigate the capital set-up of companies. The House insisted it should and neither would back up.

## BENNETT TO LEAD PARTY

**Premier Removes All Doubt As to Personal Part In Campaign**

OTTAWA, July 5 (P).—With the final declaration by Prime Minister R. B. Bennett, at Government caucus today, that he would continue as head of the Conservatives as long as his health permitted, it became apparent the forthcoming political struggle for the privilege of forming the next Government would see Mr. Bennett leading the Conservative forces and Rt. Hon. W. L. Mackenzie King at the head of the Liberals.

It was not anticipated the leadership would take to the hustings until late in July or early in August, with voting late in August or September.

### CANNOT BE DEFINITE

Mr. Bennett said he would give the date if he could, but it was impossible at this time to be definite. More than a score of members who have said through the present Parliament have indicated they will not again be candidates. There will necessarily be much new blood in the next assembly.

Considerable interest has been attached to campaign plans of Hon. H. H. Stevens, former Minister of Trade and Commerce, who left the Bennett Government last October after disagreement with the Cabinet over his activities as chairman of the Royal Commission on price spreads. He had made no announcement other than that he will be a candidate in East Kootenay, the constituency he now represents as a Conservative.

### CANADIAN YACHT CALLS FOR HELP

Woman Reported Seriously Ill on Disabled Craft Off Coast of Cuba

MIAMI, Fla., July 5 (P).—A wireless message, intercepted by a local amateur today, told of the distress of the Canadian yacht "Cassara," drifting for eight days off the southwestern coast of Cuba.

The message, relayed to the coast guard air station here, said one of the five persons aboard, a woman, was seriously ill. Assistance was requested, and the approximate position was given.

Coast guard officers said the position given was about 325 miles southwest of Miami.

### Bluenose To Race In English Water

NEW YORK, July 6 (P).—Captain Angus Walters' Bluenose, queen of the Atlantic fishing fleets, will meet Philip Le Boutillier's yawl—Storm Weather in the Fastnet race in England next month. The New York Times said today.

### RUSH TO GOLD STRIKE

ALCONA, Ont., July 5 (P).—Prospectors from all parts of Northern Ontario flocked here tonight, lured by a find of free gold discovered by Bert Tyrrell, Toronto, and two local miners. A group of claims already have been staked.

### Senate Appoints New Law Clerk

OTTAWA, July 5 (P).—W. F. O'Connor, K.C., Ottawa, today was named law clerk and counsel for the Senate on a motion adopted by the Upper House. The post has been vacant for some time.

## Whole Section of City in India Is Destroyed by Fire

NATHIA GALL, Northwest Province, India, July 5 (P).—The entire Indian section of Abbatnabad, a city twenty-one miles from here, was destroyed by fire today before troops gained control of it. At least 1000 houses and the main bazaar were wiped out by the flames, which raged from 5 a.m. until near night.

## Two Stoned By Mob on Waterfront

VANCOUVER, July 5 (P).—Vancouver's waterfront remained quiet tonight after an incident this morning when about twenty-five strike sympathizers stoned a taxicab carrying two workers to Ballantyne Pier. One of the men, whom police said were members of the new Canadian Waterfront Workers' Association, was cut about the face when rocks smashed through one of the taxi's windows.

The rock-throwers were dispersed by city police who were called to the scene. Later, Charles Leighton, forty-nine, was arrested and charged with assaulting a dock worker.

### GREEKS THREATEN STRIKE

ATHENS, July 5 (P).—The Greek Federation of Labor planned today to call a general strike in protest against "Mistarchi danger." A date for the strike was not set.

### GETTING PLANS PREPARED NOW

Hon. Ian Mackenzie Tells What Liberals Will Do if Elected to Power

VANCOUVER, July 5 (P).—The Vancouver Province in its new columns today, says:

In the event of the Liberals returning to power at the forthcoming general elections, a forecast of Government policy, made in a frank interview by Hon. Ian Mackenzie, M.P. for Vancouver Centre to a staff representative of The Daily Province, indicates drastic changes that may be expected among them are:

A national unemployment relief commission.

Replacement of the present relief camp system by a living wage and comprehensive programme of work and wages.

### NEW CURRENCY

Issue of new currency, to the extent of possibly \$500,000,000, to finance public works, housing and other national undertakings.

Reduction of the tariff.

Revision of Empire trade agreements.

Amendment of the Marketing Act, to abolish "rigid regimentation."

Immediate Dominion-Provincial adjustment of powers and taxation rights.

Removal of the "element of force" from existing legislation.

### Twenty-Four Injured In Passenger Train Wreck in Montana

**Washouts Following Cloudbursts Cause Two Derailments—Rescuers Carry Victims to Safety Guided by Flashes of Lightning**

BAINVILLE, Mont., July 5 (P).—Hurling down a hillside minutes ahead of the Empire Builder, fast Great Northern westbound Coast train, a wall of water fed by a cloudburst early today ripped away a section of track.

The last block signal a mile down the track had not yet registered the trouble and the sixteen-coach flyer struck the washout at fifty miles an hour. The locomotive and eight coaches leaped the roadbed. Two day coaches, a combination-dining-dormitory car and the baggage car, churned in the mud and water, rolled over and landed in a wheat field 100 feet from the right-of-way.

NINETEEN INJURED

Tonight railroad officials set the injured at nineteen, with only two persons, a young boy and the head brakeman, believed seriously hurt. There were 160 passengers on the train.

### FIVE PERSONS HURT

BAKER, Mont., July 5 (P).—Five coaches of a Chicago, Milwaukee, St. Paul & Pacific local passenger train overturned west of here today and five persons were injured in the second derailment caused by cloudbursts in Eastern Montana.

## Mussolini Understood to Have Made Final Decision—Naval Council Taking Immediate Steps to Strengthen Fleet—Britain-Trying to Dissipate Suspicion of Two Nations

**Appeal to Washington Gets Britain Out of Spotlight**

(Copyright, 1935, by the Havas Agency)

ROME, July 5 (CP-Havas).—Italy's Supreme Naval Council today decided on measures to increase the effectiveness of the Italian fleet in case of a war with Ethiopia. Meanwhile, Premier Benito Mussolini is understood to have decided finally that, unless the League of Nations establishes a mandate over Ethiopia, Italian troops will wage war to reclaim lands which Italy considers belong to her.

The Naval Council, meeting under Il Duce in one of its rare extraordinary sessions, drew up plans to strengthen the Italian fleet at once, after three days of secret conferences. Its task is to carry out the measures decided upon immediately.

### READY TO DEFEY

Informed quarters indicated that Italy is ready to defy any initiative that Great Britain may take to counteract Italian policy in Africa. Indignation at the tentative suggestion made by London to cede Ethiopia a strip of British Somaliland in exchange for Ethiopian economic concessions to Italy, has passed from consideration of the case as merely a colonial question, it was said, to the conviction that it is now a case of Italy's national honor.

Il Duce was understood to have decided on the following eventualities:

## WANTS DATA ON FINANCES

**U.S. Commission to Ask Foreign Countries for Information on Securities**

NEW YORK, July 6 (P).—The Herald-Tribune, in a special dispatch from Washington, says today the United States, through the recently-formed Securities and Exchange Commission, has called upon foreign governments, whose securities are traded on national exchanges in this country, to supply information on the financial condition of the country and pertinent data on the issues involved.

Canada is one of the countries affected by the ruling. The requirements must be complied with by December 31 if the issues are to continue to be traded on the exchanges of the United States, the dispatch says.

Internal and external funded debt, to be stated in the first year in the currency of the country and in the second in the currencies payable.

Internal and external floating indebtedness, to be stated in a similar manner.

Receipts, classified by source, and expenditures, classified by purpose, itemized as to be reasonably informative and covering "both ordinary and extraordinary receipts and expenditures."

The note issue and gold reserves of the central bank of issue and further gold stocks held by the country.

**HUGE PLANE BEING BUILT IN SEATTLE**

SEATTLE, July 5 (P).—Believed to be the world's most formidable aerial weapon, a mystery bombing plane built for the United States Army Air Corps was nearing completion here today behind locked doors in the Boeing Aircraft Company's assembly hangar.

Largest land plane of any kind in the country, the giant bomber is expected to be flown for the first time about July 10. It will be ferried to Dayton, O., for further tests by the Air Corps, August 22.

**UNDER SUPERVISORS**

Two or more supervisors would be placed in each penitentiary to carry on the Borstal training, and a Borstal association of volunteer members, outside the penitentiary, would have the subjects under their guardianship for the unexpired term of their sentences on discharge, and a year additional.

### GAS BOMBS USED TO ROUT PICKETS

Minor Clashes Reported at Longview and Aberdeen as Lumber Mills Reopen

SEATTLE, July 5 (P).—Minor outbreaks of trouble at Longview and Aberdeen led State patrolmen to tear gas again today, dispersing pickets, as the Northwest lumber industry strike neared the end of its ninth week. With many mills reopened and prospects of still more mills opening on Monday.

More than a score of men were arrested after the melee, near the Long-Bell mill at Longview, and two arrests were made at Aberdeen.

At Longview, while patrolmen were trying to dislodge a group of pickets who were throwing rocks, a tear gas bomb was accidentally thrown or fired and five persons were injured in the second derailment caused by cloudbursts in Eastern Montana.

## SURVEY WORK TO OPEN UP MINE AREAS

Provincial Mapping Parties  
Already in Field—Others  
To Start Soon

### ISLAND PARK LANDS WILL BE EXPLORED

The Provincial Government's annual programme of survey work and mapping is already well under way, with most parties either in the field or about to start for their various territories, it was announced by the lands department yesterday.

A sixty-mile gap in an eight-hundred-mile triangulation net is being closed by F. C. Swannell. This work will make it possible to accurately map the Parson Valley, Finlay and Ingenika valleys, and connection with the Skeena River north of Hazelton. And with the work of the very extending along the line of the Canadian National Railways between Hazelton and Prince George.

Mr. Swannell and his party, with their season's supplies, left Fort St. James, on Stuart Lake, on June 29, by airplane, and landed on Kitchener Lake, at the head of the Finlay River, about 200 miles to the north-west.

#### PROMISING AREA

Mr. Swannell's work will carry him across the Omineca batholith, considered by the geologists a very promising area, and will take him immediately south of the Grounding coal area. Incidentally he will collect much information concerning that little-known country, which will be of great value in any future consideration of plans for an Alaska highway.

As a result of activity in the mining industry, the operations of the survey branch of the Department of Lands are this year being confined mostly to the areas offering promise in the mining sense.

#### CONNECTING WORK

Survey work for a mining company in the Two Brothers Lake area is being carried out by P. M. Monckton. This area is east of the headwaters of the Skeena River, and in connection with that work will connect some of the Skeena triangulation stations with Two Brothers Lake, and thence southward to connect with Mr. Swannell's triangulation along the Ingenika River. This area is in the Rocky Mountain trench and is thought to have great placer gold possibilities. Information concerning this area at present in the hands of the survey branch is rather sketchy.

Survey parties also are operating in the area south of the Quesnel River. These parties are headed by R. D. McCaw and A. J. Campbell. The area stretches west of the Horseshoe Lake, this being a country having both placer and lode possibilities similar to other areas in the Barkerville country. The area they are to cover has been photographed by the Royal Canadian Air Force and the work of the Provincial Government is being done under a cooperative arrangement with the Dominion Topographical Survey.

#### FORBIDDEN PLATEAU

N. C. Stewart is working in the area north and west of Courtenay, covering the Forbidden Plateau, Buttle Lake and the easterly part of Strathcona Park. This work is designed to aid in any future scheme for the development of the tourist possibilities of these extremely attractive areas, and also to aid the lumbering industry and to cover a country with mineral possibilities as it lies along the contact between the coal formations and the igneous rocks of central Vancouver Island.

Another Island survey is being made in the Quatsino area, where E. A. Austin-Leigh will cover territory already photographed by the Royal Canadian Air Force.

Other operations of the survey branch are on a similar scale, and widely scattered, but a subdivision near Campbell River, being carried out by W. J. H. Holmes, may be mentioned, as well as some work in the lower Fraser Valley designed to make possible the showing of provincial surveys on a new map of that area being issued by the Department of National Defence.

### ASTRONOMY COURSE TO BEGIN MONDAY

"Summer Evenings With The Stars," the popular summer course of the Victoria Centre, Royal Astronomical Society of Canada, will commence on Monday, at 8:30 p.m., in the Laboratory Building of Victoria College.

The first lecture is to be given by Lieut-Commander Tingley on "The Planets Earth." The lecturer will display several scientific instruments in the course of his address.

Following the lecture, the group will gather around several telescopes to be set up in the grounds, weather permitting, for instruction in observing various stars and planets. The course is not technical and is open to non-members for a nominal fee. Those attending would do well to bring a pair of opera or field glasses, but this is not necessary.

### FREIGHTER ON WAY WITH STEEL RAILS

SYDNEY, N.S., July 5 (P).—The steamship Zurichhorn left the steel pier of the Dominion Steel & Coal Corporation tonight laden with 9,000 tons of rails for delivery at Vancouver. Rolled during the past months, the rails are for the Canadian Pacific Railway.

### Says Public Has Full Confidence In Police Force

"I am glad to say the general public has complete confidence in the force," stated Mayor David Leeming in addressing members of the Victoria Police Department yesterday during the annual dress inspection.

Fitted out in their new uniforms, the officers and men were complimented on their appearance by the Mayor and Magistrate Jay, police commissioners. Following the inspection, the men drilled smartly under Sergeant James Florence.

Mayor Leeming had high praise for the force and complimented Chief Thomas Heatley on the efficiency and the record of his men. He declared that no city of 40,000 population on the Pacific Coast was better policed than Victoria. He congratulated the department on its fine showing at the recent Vancouver police sports meet, and said the improvement in revolver shooting by the men gave him great satisfaction.

In reply, Chief Heatley pledged the continued loyalty of his men and the department.

### LONG SERVICE IS TERMINATED

W. W. Baines Presented  
With Silver Tray by  
Printing Staff

W. W. Baines, who has completed nearly a half a century of service with the Provincial Government, was presented with a beautifully engraved silver tray and illuminated parchment address at a ceremony held in the King's Printery on Thursday afternoon.

Mr. Baines retired from the civil service at the end of May, after completing forty-nine years' service in the King's Printery. In recognition of his long service, the staff presented him with the tray, and specially-prepared address as a token of their esteem. Charles Bannister, King's printer, made the presentation.

Joining the service in 1886, Mr. Baines made the eighth employee serving at that time under Lieut. Col. Richard Wolfenden, who was then King's printer. All type was set by hand in those days, and the

### Hunting With a Camera

"Dawn" is the title of this picture, which was taken just after sunrise, and shows two deer on the alert for intruders, before they descend to the river below to get an early morning drink. Taken by J. Fleming, of 2089 Oak Bay Avenue, the picture was awarded second prize in The Colonist June Snapshot Contest.

### RELIEF POLICY IS ANNOUNCED

Returning Strikers Will Be  
Distributed to Camps  
From Kamloops

Relief camp strikers will be taken care of by the Provincial Government at Kamloops until they can be distributed to their various camps. It was announced yesterday by Hon. John Hart, Minister of Finance and acting Premier.

A total of 450 men are being returned from Regina by the Canadian Pacific Railway and 650 by the Canadian National Railways. The men were given passes on the trains by the Saskatchewan Government. Vancouver authorities have protested against all the "strike-marchers" being returned to this Province, contending that most of them are not British Columbians. Several Victorians, who participated in the "on-to-Ottawa" march, have returned to this city.

It must be dreadfully discouraging to the foes of China. She has been turning the other cheek for centuries, and the Chinese countenance is still round.

NEW YORK, July 5 (P).—Oliver Herford, seventy-two, author, artist, playwright and "town wit" of old New York, died today.

### Meeting of Council Is In Private

The entire three-hour session of the Esquimalt Council last night was held in camera. Councillor Albert Heald, in moving this procedure, declared "after Monday-night's affair I think the only way we can get any business done is to hold the meeting privately." His motion was seconded by Councillor David A. Henry.

Councillors Harry Hodgson and Fred G. Eaton opposed the move, both stating the business of the council was identically the same as that of Monday. The meeting on Monday was adjourned when Councillor Heald, then acting reeve, left the chair when he failed to secure a vote to support his ruling after he had declared Councillor Hodgson out of order on procedure.

Fifteen ratepayers present were requested to leave the meeting. Statements on this meeting were issued to reporters following the session.

### CHARLES N. CAMERON BURIED AT ROSS BAY

The funeral of the late Charles Napier Cameron, who passed away in this city on Wednesday, took place on Friday afternoon. A large number of friends attended the service, and the casket was banked with many floral tributes. Rev. A. de B. Owen conducted the service, during which the hymns "Abide With Me" and "Lead, Kindly Light" were sung.

Interment was made in the family plot at Ross Bay Cemetery, with the following as pallbearers: C. W. Cameron, C. G. Cameron, R. Cameron, W. F. Cameron, C. D. Orchard and D. L. Darling.

Among the many friends attending was J. T. Braden, representing the Society for Prevention of Cruelty to Animals, as Mr. Cameron was a worker in the cause for many years.

### VALIDITY OF LINDBERGH LAW IS QUESTIONED

NEW YORK, July 5 (P).—The New York Law Journal says in an editorial that the United States Supreme Court decision on the NRA has raised some question on the constitutionality of the Lindbergh kidnapping law.

A definition of the term "inter-state commerce" was involved, The Journal said.

## NAMES SOUGHT FOR PETITION BY COMMITTEE

Group Appointed by Businessmen to Handle New Deal Appeal

### PUBLIC MEETING TO BE ORGANIZED SOON

With Frank Partridge in the chair, the special committee appointed by representative businessmen on Thursday to consider methods to be adopted in securing signatures to a petition calling for a new deal for Vancouver Island, met last evening under auspices of the Tourist Trade Development Association.

Present beside Mr. Partridge were George A. Dyson, Trustee Percy E. George, Frank Higgins, K.C., Roy L. Wille, Duncan MacBride, Warren W. Martin and Leslie Osborn.

Definite plans were passed for an intensive team campaign of Greater Victoria voters, and it was decided to recommend the holding of a citizens' mass meeting at the City Temple Auditorium within the next two weeks.

The committee prepared a report to be presented at the supporters' meeting to be held on Thursday, July 11, at 4 o'clock in the Chamber of Commerce Auditorium.

General enthusiasm marked the proceedings, and the non-political aspect of the forthcoming campaign was stressed.

In view of the encouraging reports received from Up-Island communities, and the enthusiastic support of the Victoria press, the committee adjourned with confidence in the success of a new deal for Vancouver Island.

JAPANESE WITH REBELS

**ALFRED O'MEARA  
CALLED BY DEATH**  
Former Assistant City Engineer  
Passes at Home Here—Thirty-  
Four Years in City

Following an illness of several months, Alfred O'Meara, well-known engineer of this city, passed away at his residence, 630 Gorge Road West, yesterday.

Mr. O'Meara was born in 1857 of Irish parentage, and received his later education in Cork, where he was a student in medicine at Queen's College. His great-uncle, Surgeon Barry O'Meara, was Napoleon's favorite doctor during his exile at St. Helena.

Abandoning the medical profession, Mr. O'Meara went into engineering and proceeded to Newfoundland on railway construction and later represented the Rosland Syndicate at Rosland. In 1888 he took part in the gold-rush to the Yukon and on his return, in 1901, he practiced engineering in this city until 1908, when he joined the city engineer's staff here, as assistant. He retired several years ago.

Mr. O'Meara is survived by his widow; one daughter, Mrs. E. T. Taylor, Vancouver; and four sons, Harry, Oakland; Alfred and Patrick, Vancouver; and Charles, Port Townsend. One brother, Harry, resides in Buenos Aires. There are twelve grandchildren surviving.

The funeral service will take place on Monday at 3:30 o'clock at Hayward's B.C. Funeral Chapel. Interment will be made in the family plot at Ross Bay Cemetery.

Mr. Bernet was the chief operating officer of the Van Sweringen Railway properties in the East. He was sixty-seven years old, and had risen in the railway business from a minor employee during his early youth.

He suffered a general breakdown two weeks ago, but even some of his intimate friends did not realize the seriousness of his condition.

**People Are Comparing—and Finding Out—that Only Chevrolet Gives THESE UP-TO-DATE FEATURES in the Lowest Price Field**

IN every way, Chevrolet is marching ahead... in sales—in quantity production—in public preference! And the reason is: Chevrolet far outstrips all the other low-priced cars in features, quality and value for the money.

Your own eyes prove it! Look at the safe new TURRET TOP bodies of solid steel—you get them only on the Master Chevrolet in this class. See the proved, fully enclosed KNEE-ACTION on Chevrolet's front wheels—no other low-priced car offers you this modern ride-advantage. Look at the famous Fisher no-draft Ventilation—exclusive to Chevrolet in its price field. Lift the hood—and you find Chevrolet's powerful and economical Blue Flame Engine. Look to the brakes—and you can see they're Cable-Controlled for smoothness and quick-acting, positive dependability.

That is naming only five of the Master Chevrolet's leading features for 1935. But the important thing is this—all five of these modern features are exclusive to Chevrolet—you don't get even one of them on any competitive car! Is it any wonder, then, that Chevrolet is marching ahead in volume production to meet clamoring public demand? Is it any wonder that we urge you—drive a Master Chevrolet before you decide on any low-priced car!

## MR. F. J. PERRY'S VICTORY

Winning the All-England Championship at Wimbledon yesterday, Mr. F. J. Perry has again established himself as the world's leading amateur lawn tennis player. The title at Wimbledon is equivalent to a world event because all the leading amateurs from the chief countries which engage in the sport are among the contestants. Mr. Perry won all his matches with ease, and showed he is a greatly-improved player since last year. In a measure indeed, among amateur players, he stands in a class of his own, and it is questionable if there is anyone in the professional ranks who could defeat him. He is now the holder of the All-England Championship, the British and French Hard Court Championships, and the National Singles of the United States. He is also the Belgian champion. No such list of honors has ever been held by the same player in the history of lawn tennis. It is quite conceivable that Mr. Perry is the greatest of players in the annals of the game.

The Wimbledon champion, who has won on the famous courts for the second year in succession, is possessed of a remarkable temperament for the game. He has agility on the court which is perhaps only equaled by M. Jean Borotra. He has punishing strokes both on the fore and backhand, and is a volleyer of great intensity of purpose. With lawn tennis as played now-a-days stamina is essential, and this Mr. Perry possesses in a superb degree. He combines all his other abilities at the game with court craft which has broken down the resistance of even the doughtiest of his opponents. The result of the men's singles at Wimbledon, perhaps as easy a victory as has ever been won in a final of such magnitude, indicates that Great Britain's chances of retaining the Davis Cup for the third year in succession are of the rosier.

## WOMEN IN INDUSTRY

In relation to the discussion on the world-wide unemployment problem, altogether too little attention has been paid to the large influx of women into industry. There is no question whatever that much unemployment is caused by the fact that women have crowded men out of jobs. That is a condition which may not be remedied, but at least it should be given its due place in any consideration of the problem of out-of-works. In Great Britain recently a Member of Parliament made the assertion that in the last fourteen years the proportion of women in employment, as compared with men, has doubled. That is probably an exaggeration. It is not borne out by statistics. The census figures in Great Britain show that between 1921 and 1931 the proportion of occupied women to the total population of fourteen years and over rose from 17.9 to 18.06 per cent.

The fact remains, however, that there were in 1931, 5,600,000 females in Great Britain engaged in gainful occupations. Between June, 1923, and June, 1934, the insured proportion of women in employment rose from 27.4 to 29.4. There has never been a thorough examination to show the extent to which women in industry have been responsible for unemployment among men. The influx of females into the labor market has been, however, an immense factor in unemployment and one for which only time can find a solution. Women are in industry to stay there. That is the inevitable fact which must be considered in any effort to solve the unemployment problem.

## INDIVIDUALISM

Under various names, Communistic Utopias, planned economies, co-operative commonwealths, and the like, certain theorists, sentimentalists, projectors, and arm-chair philosophers as well as crafty revolutionists, have from time to time announced their plans for an economic and social paradise upon earth. The most casual glance at the proposals of these schemers may detect an unpleasant element common to them all, namely the subjection of the great mass of the community to the rule and tyranny of an ambitious and ruthless few, who are to seize and hold power in their own hands in order to direct and exploit to the limit the economic activities of all classes. The magnitude, the immense complexity of the task they so cheerfully undertake does not in the least deter these dauntless fellows. The Jack Cades of history, however ignorant they have been, have seldom been wanting in self-confidence.

The job of managing a man's own household composed, it may be, of a mere half-dozen or less very differently constituted human beings is a sufficiently difficult one. It is a problem that has taxed the ingenuity of the thoughtful portion of mankind for countless ages. Yet the task of the head of a single household, difficult as it is, is hardly comparable with that of statesmen who have millions of adult human beings to consider in all their vast variety, not turned out as from a factory like automobiles undistinguished from one another, but presenting the most diverse characteristics, internal and external, mental, moral, and physical.

Nature continues to perform with unflinching precision the stupendous miracle of turning out from her laboratories, day after day, year after year, age after age, millions of beings, all human and all different. Age cannot wither her, nor custom stale, her infinite variety. It is the fact of this infinite variety lost upon the wild-eyed Communist and the doctrinaire Socialist? Apparently it is, if we may judge from the arrangements which they propose to make for the establishment of the slave economy they have in mind. The economy which is framed with a view to iron out all these natural diversities.

A visitor from another planet looking upon humanity with an unprejudiced eye and observing that its most obvious feature is not a flat

equality but an endless diversity of gifts and capacities, if asked to prescribe a principle of economic and social organization suited to the actual case, would hardly recommend a plan and policy based on suppression and regimentation. On the contrary, he would be likely to give reasonable play to those individualistic tendencies which form so large and important a part in the human constitution. A more fantastic scheme could hardly be devised than that of allowing a junta of irresponsible adventurers to seize supreme power. Their one qualification for the impossible task of establishing a slave economy in Canada is their impudent assumption of a right based upon their invention of the name and title of "proletarian dictators."

## EDUCATION'S AIM

If the end of education is "the symmetrical development of spirit, mind and body" there is one feature noticeably absent in the British Columbia system where the teaching of the highest form of morality is banned in the schools. It is banned in the fact that the Scriptures are a closed book, although the Education Act calls for the teaching of the highest morality. It seems, therefore, that the definition quoted of the end of education is not the motto in this Province. Possibly the end that prevails here is matriculation. That means instruction, but not necessarily cultivation. Where the best results are secured from school life much depends on the out-of-class activities and the corporate life outside the classroom. Class-work can be little better than drudgery.

Since State education has taken over the reins it has a dual mission to perform. It has, as well as supervision of the routine task of instruction, to give the boy and girl a reasonably full life in the development of their characters, to enable them to be helpful to others, to instill discipline in them, to teach them social ease. All this cannot be done unless the spirit is developed, as well as the mind and body, and it is in spiritual awakening that our educational system is sadly lacking. No educational system is sufficient which merely endeavors to cram in too much and to teach too much to too many. It is not ill-digested goblets of knowledge that make for the full life. That, however, will be largely the trend so long as spiritual education is neglected. The results of this neglect are reflected in the mental unrest that prevails today. That unrest ought to be a warning to our educational authorities of their neglect in the development of spirit among youth.

During the coming winter television will be put into operation in Great Britain, the first service being in the London area. Transmissions will be from the Alexandra Palace, where a 300-foot aerial mast will be erected, giving an effective height above sea level of 605 feet. Vision is to be broadcast at about 6.6 metres and sound on 7.2 metres. In the method used there is to be a rough analogy to the standard technique of film projection.

## THE DIVINE SONG

Little songs come from the stillness  
To rest in the heart  
Stillness that lies beneath living  
Serene and apart.  
Joy beyond rapture of Springtime—  
The scent of the roses—  
Glorious fruitage, white magic  
The frost flower blows.  
Thus to take song out of silence—  
To feel in the heart  
Exquisite echoes of beauty  
Surrounding life's whole!  
Colors—with richness unworthy  
To mirror that sky;  
Voices—where music transcendent  
May falter or die;  
Sculpture—whose lines of perfection  
No sequence prolong—  
These, in the soul of the poet,  
Must show forth the song.  
—Minnie Hallowell Boker, in The Montreal Star.

By taking revenge, a man is but even with his enemy, but in passing over it, he is superior.—Bacon.  
Nature is too thin a screen; the glory of the omnipresent God bursts through everywhere.—Emerson.  
If idleness does not produce vice or malevolence, it commonly produces melancholy.—Sydney Smith.

## Note and Comment

L. R. B. D.

He says it for his opinion that whoever could make two ears of corn or two blades of grass to grow upon a spot as barren as the Lord's acre, would deserve better of mankind and do more essential service to his country than the whole race of politicians put together.

"Ontario mayors want the Dominion Government to assume the full cost of direct relief. The municipalities, no doubt, would consent to spend the money if only the Dominion would provide it." Thus ironically remarks The Ottawa Journal. The position of the municipalities is precisely the position of the provinces: they are all demanding money from the Dominion and they are all willing to spend it. In fact, they have spent it before they got it, trusting to the Dominion to assume the obligation of paying it. All the provinces except one are now enjoying the blessings of either Liberal, Farmer or Progressive Governments.

Those eight stragglers of radicalism are joined together for one object, defeat of the Bennett Government. They believe they have got all they could from the Bennett Government, and they hope to get more from a King Government. The leader of the Alberta Farmers' Government is quite frank in stating the position of the administration in warning the electors of the province that there should be a change in the Government of the province as well as in the Government of the Dominion, the province need expect no more financial favors from Ottawa. That is the subject state to which the science of government has been reduced in Canada. Have our politicians fallen so low that the opprobrious United States term chancellors may justly be applied to them?

Therefore, why should we wonder at receiving letters from readers of The Colonist demanding that the discussion of politics should not be permitted in the columns of the paper? It is a serious thing for a country where its public men are in danger of becoming a displaced class. There must, therefore, be something very fascinating in playing the sly political game when a man of the intellectual and moral character of Hon. R. B. Bennett seems to be anxious to retain power and a man of the status of Mr. Hon. William Lyon Mackenzie King is eager to gain power. Surely in the light of recent experience with the petty politicians of the provinces the Prime Minister should be delighted at the prospect of honorable retirement, and the Leader of the Opposition, with a full knowledge of the difficulties he will have to meet if he attains power, should not be entranced at the prospect of accepting the responsibilities of office.

If there is a dark cloud looming up in the national atmosphere, we always look for a silver lining. Candor and common sense compels an admission that there is a dark cloud hovering over Canada and that at present no silver lining can be seen. The storm of a general election will not dissipate the cloud and bring bright and sunny weather. There was a ray of sunshine in the fact that while the political barometer was falling the business barometer was rising. If the conditions had not been disturbed by intrigues of labor agitators at a time when all the signs indicated a distinct revival of trade and commerce the prospects in Canada might have been as bright as the conditions in Great Britain.

It may seem a hard thing to say but it is the truth, that governments are the chief of the problems of Canada. We shall not join in the cry that there are so many governments that they are out of all proportion to the numbers of the people; but we shall say that the governments have outgrown in size and capacity the taxpayers to support them. Submerged in a sea of debt, the provinces are demanding that the Dominion shall assume responsibility for their liabilities and contribute more liberally to payments for the running expenses.

But the Dominion also has its obligations, also greater than the people can bear, and the political aspect of the relations between the Federal Government and the provincial governments is whether a change of government would in fact make more pickings for the provincial chancellors. The Leader of the Opposition has made no promises to his important satellites. That at least is to his credit, for he knows all about the serious state of Canadian finances. The cost of carrying what his friends call The People's Railway cannot be continued indefinitely without wrecking the treasury. Practical men of business are agreed that sooner or later something will have to be done to that load from the backs of the people, but petty politicians can see only the votes of some thousands of railway employees, and unfortunately there are petty politicians in both parties and in the present Government, and some of them will be in the new Government if there should be a change. A change of government might be a good thing for Canada if such a change means a change in the character of politicians.

## Whales Are Seen Off Gordon Head

Passing within 400 yards of shore and headed in a south-easterly direction, eight large whales were sighted by residents of Gordon Head shortly before 8 o'clock last evening.

The huge mammals created considerable noise as they moved slowly through the water, "blowing" as they went. One of those who witnessed the unusual sight was Miss Lillian Grant, a resident of Gordon Head, who said the view was one of the finest she had ever seen.

Motor cars have bonnets; engines have jackets; and now, it seems, cocktail glasses have "step-ins." We are informed that this is the latest name given the little double dollies that are slipped over the base of the cocktail glass.

A Bad Guess, Mister  
A little chap with a curly head of hair was being patted on the mop by an elderly gentleman the other day. "My, look at this curly little curl," said the old gentleman, as he ran his finger through the little fellow's hair. A very disgusted look came over the youngster's face. "I'm not a curl," he said. "I'm a boy."—W. L. P.

It's the Woman Instinct  
Playing the Good Samaritan doesn't always pay. Ask a certain officer of the local veterans' club, as he ran his finger through the little fellow's hair. A very disgusted look came over the youngster's face. "I'm not a curl," he said. "I'm a boy."—W. L. P.

Wandering Through the Park  
Seen in Central Park one evening. . . . Two ten-year-old boys were desperately trying to roll cigarettes, oblivious to the comments of passers. . . . A little girl testing the water of a swimming pool with one foot, complete with sock and shoe. . . . A woman with badly dyed hair trying vainly to sell some odd-looking newspaper with a scare banner across the top. . . . Soft-shoe players in green shirts decorated with yellow barettes. . . . Traditional X's were missing on the barrels. . . . Men sitting on the damp grass and wondering why they were stiff when they arose. . . . A husky six-footer with the soft voice of a femme.—G. B.

A Good Guess at That  
Grover Cleveland Alexander, manager of the House of David Club, and former major league pitcher, twirler, plays the New York Giants to cop the National League pennant this year. Judging by the way Bill Terry's crew is working, it looks like a good guess, and that the old veteran might easily add that the New York Yankees will cop the American League pennant this year. As the major league baseball season is progressing at present it looks like a Giants-Yankees world series in the Fall.—S. T.

And Why Not "Dun-Time"  
A sense of humor has saved many a man, and for that matter many a woman. The Cariboo town of Quesnel seems to breed men of humor, for one of its residents, W. R. Ragsdale, named his house "Clothesline Point," while another, Bill Terry, named his house "Flat Iron" to his boat. It has been suggested that a retired gangster might well call his home "Dun-Robin."—N. A. C. M.

Waiting for "Work and Wages"  
Apparently there is a lack of imagination among some of the single men on relief. Out of more than 1,000 eligible, only 180 have applied for public mining instruction. Since the Government announced its plan to train men to place mine, the Mines Department has been deluged with requests from youths ranging from eighteen to nineteen years of age who are not eligible. However, those in the camps who are eligible apparently would rather stay there and get twenty cents a day, than leave their mining and get the chance of earning a fine grub stake, not to mention the probability of making a rich strike.—P. C. R.

On Comeback Trail  
Baseball players of a few years ago, who delighted the public with smart infield plays, daring catches in the outer garden, and heavy hitting, will now find the uniform once more maybe for the last time. And maybe not, next week at the Royal Athletic Park when they stack up against an all-star nine from the Commercial League in an exhibition game. As the players are called, but most of them are young in years, are going to try to sweep aside that old adage: "Youth must be served," by taking the youngsters over the coals. It will be interesting from the spectators' viewpoint, just what will be the outcome. Yes, sir, the old-timers are busy these days shaking the kinks out of their legs and arms, preparing for the "comeback" tussle, and the best of it, they are confident of TAKING the decision. Anyhow, it should be a mighty lively battle. Today, betting odds are even. Stephen.—J. D.

## DUNCAN FESTIVAL SET FOR JULY 12

Annual Event to Include Parade, Flower Show, Sports, Gymkhana and Firemen's Ball

Duncan's fourth annual Sweet Pea Festival will be held on July 12 and 13, commencing with a parade and a coronation ceremony. The festival will be attended by Miss Lillian Grant, May Clarke, Helen Ogden, Catherine Craig and Evelyn Hill, of Victoria.

During the festival there will be a flower show, midway, Island knockout football final, display of Quinichan, Boy Scouts, airplane exhibition of stunt flying, children's sports, bicycle races and a gymkhana.

Music will be furnished by the Second Battalion, Canadian Scottish, Kluahho Band and Cowichan Male Choir. Firemen will also hold a ball at the Agricultural Hall.

## HOMEWORK

Sir,—I would like to see the same state, as in the excerpt quoted, taken here. The following is taken from the latest English News of the World.

"It is understood that the question of homework for school children and older students is just now receiving special attention of the Board of Education. An inquiry has been set up, and the inspectors of the board are encouraging experiments in all parts of the country with a view to abolishing homework entirely, or at least considering diminishing it. The real trouble about homework is, indeed, about all sorts of school work, is with the girls. When boys get too much set work to do, they simply don't do it. But with girls it is different. Experience shows that they will work till they drop. By far the greater proportion of breakdowns from overwork are among the girls, whether at schools, colleges or universities. Varying views about the value of homework are held by teachers. Some hold that it is of the greatest value to young people that they should have work to do without any help from outside. Others, however, are in favor of self-reliance. Others say that in preparation in the school itself under proper supervision is better, and that the teacher is a better person than father to appeal to in a difficulty. These are some of the points that the inquiry is expected to settle."

J. TAYLOR.  
R.M.D. 4, Victoria, B.C., July 5, 1935.

## WORK AND WAGES

Sir,—Those who are urging, and quite rightly so, for a programme of work and wages seem to have but one idea; namely, to put those on unskilled jobs to work at unskilled jobs such as road building. To my mind there are other and better ways in which some of the money which may be allotted for a work programme can be spent. For instance, our schools are notoriously understaffed; in many instances one teacher has to teach as many as forty pupils. I have had experience of teaching and know that this is neither fair to the pupil nor the teacher. There are large numbers of qualified teachers who cannot obtain teaching posts. To put these teachers to work at their own profession would do more to help the unemployed than to build roads. Many of these are now working in less skilled jobs; their return to their own profession would give room in ordinary industry for many who are now totally unemployed.

Another way to increase employment in the best way, that is in industry, would be for the Government, through an investment board, to lend money at a reasonable rate of interest to men who have the enterprise to be willing to start up new businesses, such as sawmills, fish reduction plants, etc. I know of many such projects which are sound, and if started, would employ many labor and so lessen the number of unemployed. They cannot start, however, because they cannot borrow capital to start with. This is because strikes, moralizing and the like have frightened the private investors so that they will not lend to new ventures.

A. S. AVERILL.  
Rockland Court, Victoria, B.C., July 4, 1935.

## ATTACKS MR. R. B. BENNETT

Sir,—Why blame the Communists for their criticism toward Canada's present trouble and unrest. Have they not simply taken advantage of a favorable situation, provided by more than Prime Minister R. B. Bennett? Had our young Canadians been given work most of them would have been out of harm's way. In their own homes, where they rightly belong, Communist propaganda does not take root unless suitable soil is provided. Surely it was playing into their hands when these abominable camps were opened. Aside from the Communist influence, such camps are degenerating to any self-respect, the barred down to the diamond queen.

## FIFTY YEARS AGO TODAY

From The Daily British Colonist of July 4, 1885.  
Building houses on the lot at the corner of Broughton and Government Streets are being re-erected in connection with the erection of a new hotel. The residence lately occupied by Dr. Milne and the two-story building adjoining it will be moved to Humboldt Street, while the remainder will be torn down.

Brush Fire—An extensive brush fire is burning on the new road from Prospect Lake to South Saanich, having started last Thursday evening. A large number of houses have been burned, and the farmers are in great fear lest their fences and crops will succumb to the fiery torment.

Hot Weather—The weather during the past few days has been unbearably hot. On Sunday the mercury stood at 85 degrees, and yesterday morning at 81 degrees. However, last evening a delicious cool breeze sprang up and lowered the temperature.

Justice of the Peace—William Jackson, of this city, has been appointed a Justice of the Peace for the Dominion Government.

ing young man. Kill self-respect and where are we?  
What, indeed, makes a nation worth while? Is it not contented mothers, fathers and their families in happy homes? It surely is not politicians, while they seem to be a necessary evil, however, their service as such to Canada, is to administer, as did our Fathers of Confederation in a statesman-like manner, thus will our country progress. Canada cannot be considered as progressing normally, by the making of a few millionaires, far from it. Nothing can keep up the morale of young and old alike as does work with wages.

It is evident the iron heel with which Mayor McCrear of Vancouver, says Mr. Bennett has been ruling has about crushed the initiative in his ministers and followers alike in the House, with the exception of Hon. H. Stevens, who remains an outstanding, courageous Canadian public servant.

One can fancy about now Mr. Bennett willing, woe is me, for much money and power hath made me mad. Yes, Mr. Bennett, you will get your rest however, not quite soon enough, for the die is cast and what a blot Canadian history must record. Yea and alas not before thousands of homes have been broken up; not before the agony of mental strain has shattered the health of thousands of hard-working Canadians; not before thousands of heart-broken mothers and fathers have had to stand by helplessly watching their young grow pale and wan for the want of direct necessities and proper nourishment; not before the manhood of Canada, our coming statesmen, our coming bankers, our coming commercial men and the coming fathers of future generations have been driven like cattle into corals. They request bread and what do they get? A stone.

Well may they cry out Oh, Lord, how long must we step to Bennett's music and endure the crack of his cruel whip? What a retort to the plea of our young Canadian man, arguing that it helps in cultivating self-reliance. Others say that in the face of these facts, let us not forget the darkness has not come to stay. No night can keep the dawn away.

ALICE McCREAR,

## PENALTY DOUBLES

It is often a question whether a player should make a penalty double or be satisfied with an undoubted set. Frequently, the double enables a declarer to fulfill an otherwise unworkable contract. It clearly shows where the strength lies and this information becomes invaluable to declarer in making a "close" contract.

## THE PLAY

West opened the diamond king. South saw he had eleven tricks, with a possible heart finesse for the twelfth, but because of the double he felt sure West must hold the heart king.

He won the trick with the ace of diamonds in his own hand and ran off three more tricks and six club tricks. West, was squeezed—and could not keep both high diamonds and a guard for the heart king, so he bared down to the diamond queen.

## FREE BOOKLET BY ELY CULBERTSON

Ely Culbertson has written a most informative booklet entitled "The Rules and Ethics of Contract Bridge." Through arrangements with Mr. Culbertson and the Bell Syndicate, The Colonist has secured a limited supply of these authoritative pamphlets. They are available for distribution to readers who are interested in bridge.

Copies may be obtained by presenting the accompanying coupon at The Colonist Circulation Department. Readers reading outside of Greater Victoria may obtain copies by sending a self-addressed envelope bearing a two-cent stamp.

# Charter Conditions Prevailing in May Continue Into June

Mill Strike Settlement Failed to Materialize—Report Concerning Charter Market Mentions Possibility of Import Duty on B.C. Lumber

SAN FRANCISCO, July 5.—The Pacific Coast freight and charter market for June witnessed a continuation of conditions prevailing during the month previous. Hopes held out for a prompt settlement of the strike failed to materialize in full, although the outlook for settlement at this writing is more optimistic than adverse. However, to face the facts squarely, the lumber strike still persists to the detriment of the general market.

There should be, however, considerable business in store for the future, as coupled with the inability of exporters to fill orders in view of labor conditions, there are what may be considered reliable reports of a possibility of Japan placing a heavy import duty on British Columbia timber, which, it is said, will practically put a stop to this business in so far as volume is concerned. This, of course, would naturally tend to advantage of the United States mills and exporters.

A resume of the various trades in detail follows:

## GRAIN

Japan-China.—No full cargoes effected, although some inquiry was experienced for small parcels from British Columbia to Japan on the basis of about \$2.25 per ton.

United Kingdom-Continental.—No full charters reported as fixed and parcel rates are said to be unprecedentedly low in the neighborhood of \$6 to \$8.

Inter-Coastal.—One American vessel was reported as fixed on time charter to load a full cargo of wheat in the North Pacific, for the voyage to United States Gulf or Atlantic Coast.

## LUMBER

Japan.—The lumber market has been demoralized by the strike, but as this goes to press there seems to be hope of settlement in sight. Many ship operators are quoting space for large squares at \$6 and logs at \$8.25 for July-August shipment.

China.—Merchants in this market have shown no interest in lumber imports since the recent silver disturbance; however, the Government railroads are reported to have purchased two or three cargoes of sleepers for future delivery.

Australia.—Two vessels are reported fixed for July loading, one on rate basis and one on lump-sum basis, both of which will probably load in British Columbia.

Inter-Coastal.—The lumber strike has made it necessary for many of the inter-coastal lines to reduce their sailings materially, and in this connection some of the lines are said to have in excess of half their fleet laid up. This has made for an increased demand for general cargo space westbound. Two vessels have been fixed for full cargoes of lumber from British Columbia ports that are still open and working to Atlantic Coast, and no doubt other vessels will be fixed when the few ports in British Columbia that are operating have cargo lots available.

SCRAP IRON.—California-Japan.—A further fixture for a full cargo of scrap iron was announced with the charter of the M. S. Norne. The actual position or the rate obtained, however, could not be definitely confirmed.

TIME-CHARTER.—One or two vessels were reported as fixed on time-charter for short periods at undisclosed rates of freight.

## TANKERS

A fair number of tankers were fixed from California to various destinations, as will be noted from fixture list.

# "SO LONG" TO Third Annual Tour Party HARRY CLARK

Transportation Men Met Last Night and Wished Him Good Luck

Local transportation men met in the office of the American Mail Line last evening, to say "So Long" to Harry Clark, who will leave Victoria on Monday next to take up a new position with the Great Northern Railway at Vancouver.

With the railway concern in Victoria for the past seven years, latterly serving it in the capacity of general agent, Mr. Clark established himself as a great favorite with his colleagues in all branches of railway, ship and telegraph service, and representatives were on hand from all local offices to hear W. M. Allan, doyen of transportation men in Victoria, make a fitting address of a complimentary character, and present the departing official with a smart attaché case as a token of their remembrance and esteem.

Mr. Allan, referring to the friendly feeling all present had for Mr. Clark, said that while everyone undoubtedly regretted to see him leave Victoria, at the same time they could not help but feel glad that he was receiving well-merited promotion. A man came to Victoria, worked hard to further the interests of his company, and while it was a lovely place to live in and friends were easy to make and retain, his company was only showing its appreciation of his services when it shifted him.

## SORRY TO LEAVE

Mr. Clark, in acknowledging the receipt of the gift and the kindly sentiments of Mr. Allan and others present, said he was sorry to leave his many friends here. He thanked them all for their many kindnesses to himself, and added that if it hadn't been for the fine co-operation he had always received from Victoria transportation men, he probably wouldn't be getting a better position on the Mainland.

During the gathering a telegram to James Macfarlane, signed by A. H. Hebb, Great Northern, Vancouver, and "Peck" Whitehead, of the same city, congratulating Mr. Clark and expressing their regret at being unable to attend, was read.

Those attending the presentation included W. M. Allan, James Macfarlane, Eric Marshall, A. C. Stuckey, F. R. Wells, C. P. Earle, Captain E. Kelly, Frank Mulliner, Harry Howard, A. Curtis, H. E. Calwell, A. E. Shanks, R. C. Fair, Anthony Genn, R. D. Matthews, R. Kedock, W. Courtenay, Robert Lee, Jack Hickey, C. P. Armstrong, H. Bothe, J. A. Walford, Harold Rourke, L. Pelling and A. Lamarquand.

## New York Day by Day

By O. O. McIntyre

NEW YORK, July 5.—Reinhold Werrenrath, one of the better known concert singers, has ridden the depression figuratively on a hand cart. In other words, he has been out of the world as for those in any of the arts.

Big cities that offered several concert stars each week were forced to shelve them for a month. So Werrenrath decided to take to the road and made a whirlwind tour of one night stands through such middle-west States as Iowa, Nebraska, Wisconsin and so on.

He appeared in dinky "opry" houses, town-halls and in the lodge-rooms over the hardware store. He used local orchestras and choruses and played to capacity houses wherever he stopped. Sometimes he gave a morning recital in one town, an afternoon in another and an evening in still another.

Aside from the adventure being profitable, the singer had the time of his career and learned much of the foibles of a Main Street town porch life he did not know existed. Werrenrath, known to his intimates as "Weary," has long been a moving spirit in the Dutch Treat Club.

Metropolitan phenomenon: No noise is quite so important sounding as that sudden tinkle of the little bell on the handlebars of a messenger's bicycle.

It is one of those pert bottles along Madison Avenue's ultra shopping strip. Catering chiefly to the needs of private bars—all the gilly gadgets of de luxe cocktail serving. One honey is a chromium ferris wheel in miniature which revolves little trays of sundry edible tid-bits to be with the aperitif. Also the silver markings for the electronic table-side bonfire called crepes suzette. But what got me was the beautiful secretarial lady, a ringer for Ina Claire in her blonde day in the rear who sat at a dregy milk-white desk on which a tray of crepes suzette, and a cherry red typewriter. And her dress was the exact color of the machine. I'd like to have something like that for my workroom. But I suppose people would talk.

Religious observance at sea note: On one of the big liners, radio H. B. S. during the Sunday chapel services the quarter-in-the-sky gambling machines are covered with large black cloths.

No sidewalk eye endures as that known as the "fur racket." For years it flourished in the fur district at dusk. The racketeers, with windy pretense, posed as truck drivers with furtive furs, supposedly stolen, they sold for a song. For \$15 to \$30 you got a one-dollar fur. Today the fur men work only at the bridge approaches. Holland Tunnel is a paradise. They look for

out-of-town licensees and many clean up from \$15 to \$30 a day. Oddly, most are settled family men with suburban homes.

Nothing warms me more journalistically than the annual over-worked effort of Greta Garbo to provoke publicity by appearing to lodge in her coy reluctance in running up back alleys and hopping freight elevators is one of the highlights of the passing picture. Irvin Cobb wrote a short story called the Thunders of Silence. It showed what what the picture to a big shot who was of a sudden by pre-arrangement completely ignored in type. The thunders of silence would stop the Garbo foolishness. So much so she'd probably be going over Niagara in a barrel to attract the headlines.

Earl Carroll, producing at the Winter Garden, shows that theatricals, as well as politics, make strange bedfellows. One of the Rialto's most persistently swollen four-cornered huts was among Carroll, Ziegfeld, George White and the Shuberts. Their mutual dislike was bitter and inspired many magnificent feuds of invective. But when the stage wept through the financial wringer, many grievances were squeezed out. The Ziegfeld Polities played the ace house of the Shuberts. Now Carroll is making a stand there. And George White is producing his "Scandals" at the New Amsterdam, long the home of the Polities.

Psychiatrists say the reigning New York hypochondria is a fear of the open spaces. And there's little that can be done so long as people are nestled in the skyscraper hurrah. For a period I was nagged by this ridiculous neurosis. Crossing Central Park touched off a clammy dew and made the throat a Sahara. I mastered it by walking through Brooklyn's Prospect Park one mid-night alone. Several times I was on the edge of the horrors, but it did the trick.

## CREW OF SHIP ARE ACQUITTED

Magistrate Finds That Articles of Southern Were Not in Legal Shape

In the Provincial Police Court yesterday morning, Stipendiary Magistrate Jay dismissed the charges laid against the nine members of the crew of the Ss. South-olm of having combined to disobey the lawful commands of the captain, thereby delaying the progress of the ship. The tenth man charged had been acquitted on Thursday as not being present when the walk-out occurred.

The conclusion of the magistrate was that the provisions of the Merchant Shipping Act with regard to the signing of a crew had not been complied with. Under the act, the men must be signed on, before a shipping master or "in certain cases before another person, who had not been done in this case with the possible exception of the captain.

The captain said they were signed on May 17, but the men swore it was May 26, eleven days after leaving the home port, Vancouver. This was done just before they entered a foreign port, Tacoma. Evidently the action was taken to comply with the regulations.

The court considered the men had not been lawfully engaged, and, therefore, dismissed the charges.

Arthur J. Patton, counsel for the men, asked that the money repaid to the signing of a crew had not been complied with. Under the act, the men must be signed on, before a shipping master or "in certain cases before another person, who had not been done in this case with the possible exception of the captain.

## CONTRACTOR FOR BIG DAM IS HERE

Visiting Victoria for a few days is Col. M. J. Whitson, chief of the contractors for Grand Coulee Dam, in Washington State, one of the big projects being undertaken in connection with President Roosevelt's recovery programme. He is registered at the Empress Hotel.

Accompanied by A. S. Eldridge, president of the Eldridge Motors, Inc., of Seattle, and S. J. Drake, local automobile dealer, Col. Whitson enjoyed a round of golf yesterday.

The conclusion of the magistrate was that the provisions of the Merchant Shipping Act with regard to the signing of a crew had not been complied with. Under the act, the men must be signed on, before a shipping master or "in certain cases before another person, who had not been done in this case with the possible exception of the captain.

## City and District

C. of C. Directors—Directors of the Chamber of Commerce will meet at 12:15 p.m. in Spencer's dining-room.

Clothing Found—Owners of a coat, sweater and a boy's coat, left behind at the Army and Navy Veterans' picnic on Monday at Deep Cove, may have same by applying to the secretary at 514 Fort Street.

Appeal Proceeding—Stuart Henderson addressed the British Columbia Court of Appeal all day yesterday on behalf of Joseph Celona, convicted in Vancouver of procuring. The case will be resumed on Monday, when the court opens for the second week of the vacation.

Windows Broken—Police are investigating the breaking of three windows and the cracking of twenty-four panes at the Victoria West School during the past ten days. Officials of the school board believe the damage was done with an air rifle. Cost of replacing the broken glass is estimated at \$40.

Gun Practice—Gun practices will be carried out by the Esquimalt defences from 9 a.m. to 6 p.m. on the following dates: Monday, July 8; Tuesday, July 9; Wednesday, July 10; Thursday, July 11; Friday, July 12, and Saturday, July 13. The course is 10,000 yards, and the air rifle, Albert head and Trial Island.

Business Better—Still another business man has come to Victoria with a check for the return of a prosperous business to Canada. He is E. H. Jones, of St. Catharines, Ont., who is a visitor at the Empress Hotel yesterday. He said business was better in Ontario and everything looked more promising.

C.P.R. Official Here—Jack Sparks, Winnipeg general agent and baggage agent for the Canadian Pacific Railway, is in Victoria with his wife and son, Jack, to attend the wedding today, in Christ Church Cathedral, of his daughter, Miss Helen Sparks, to Miss Gwendolyn Smith, of Comox. During his stay in the city he is residing at the Empress Hotel.

New Building—A large load of steel for the new Marine Department workshop building on the Industrial Reserve is expected here from the Mainland today, according to Aldermen Walter Lundy, of Lunenburg, and J. H. Jones, of Lunenburg. Foundations have been completed, ready for the steelwork. The roof will be supported by nine trusses, each weighing three tons.

Ask for Loans—Delta and Surrey municipalities have applied to the British Columbia Government for loans from the \$500,000 set aside to help municipalities carry on public works programmes. Nanaimo already has been loaned \$80,000. Delta and Surrey would spend the money on permanent roads. The amounts asked for were not made public.

Oil on Streets—Officials of the public works committee of the City Council explained yesterday that the messy condition of the wooden block streets which were oiled was due to rain falling in the middle of the operation. This prevented the oil and sand from filling up spaces between the blocks. Wooden paved streets are oiled and sanded annually to preserve the blocks and prevent them from warping.

Suffers Laceration—When his automobile collided with another machine at the corner of View and Quadra Streets late Thursday night, R. L. Eccles, 2421 Chambers Street, suffered a slight laceration on the left side of the head, according to city police. Mr. Eccles was treated at police headquarters. The other car, driven by Miss Katherine Williams, Gordon Head, overturned following the crash, but neither the driver nor her two passengers, Mrs. F. Burton and Mrs. W. Sherwood, Gordon Head, were injured. Fred Fancett, 2279 Dalhousie Street, was riding with Mr. Eccles.

Unusual Accident—In an unusual accident this week, W. J. Shannon, of Shirley, received two fractured ribs and slight internal injuries, and now lies in Royal Jubilee Hospital. Hospital authorities, late last night, reported his condition as good, and it is believed he will be well enough to leave the institution shortly. The accident occurred while Mr. Shannon was towing a hay mow near his home. The mow shifted its position, and when he attempted to move it, the machine fell on him. He was first taken to his home, where first aid was administered, later being removed by the C. & C. ambulance to hospital.

Miss Round Will Not Play in Cup Series in States

WIMBLEDON, Eng., July 5.—Dorothy Round, England's top-ranking woman tennis player, announced today she would not play with the British Wightman Cup team this year.

The British star, dethroned as All-England champion this year, said she was "simply tired" of tennis and will be suffering from a severe leg strain.

Canadian Cricket Team in England

SOUTHAMPTON, July 5.—A team of sixteen Canadian schoolboy cricketers arrived at Southampton today for a series of matches in Britain. They were met by Major F. J. Ney, of Winnipeg, vice-president of the Overseas Education League, under whose auspices the tour was arranged.

The Canadians play their first match at Downside tomorrow. They are scheduled to meet all the principal English public schools.

TORONTO, July 5.—Gordon Taylor, Jr., who sprang the major golfing surprise of the season by reaching the final of the Canadian amateur championship against Sandy Somerville, fired his way into the semi-finals of the Ontario amateur championship today at Summit. He established himself a warm favorite to capture the title.

To reach the final tomorrow, the home club player must eliminate Fred Hoblitzel, veteran from Lambton. The other semi-finalists are young Joe Thompson, of Burlington, and Jim Borek, of York Downs, finalist to Don Carriek in this event two years ago.

## Social Activities and Notes of Personal Interest

### Canadian Club Prizes Are Awarded Winners In Economic Courses

Women's Organization Completes Judging of Grades Seven and Eight Needlework in District Elementary Schools—Raising of Standard

FOR several years, the Women's Canadian Club of Greater Victoria has expressed a definite interest in the development of home economics in schools. This interest takes the form of a generous contribution in prizes for the best exhibition of clothing for Grades VII and VIII of the elementary schools of Victoria, Oak Bay and Esquimalt.

In Grade VII, the winning class received a silver tea-set, to be used for one year. In addition, each student (twelve in number) is presented with a sterling silver spoon, suitably engraved. The winning Grade VII class is presented with ten dollars, to be spent on books. The competition is very keen, resulting in a gradual raising of standards.

The judging for this year has just been completed, the judges being Miss Jessie L. McLenaghan, Provincial director of home economics; Mrs. Frank Skillings and Mrs. Norman Cook, both graduates in home economics from Manitoba University, and Mrs. John, from Toronto University. In the opinion of these judges, the standard of achievement on the part of these young girls, ranging in age from twelve to fourteen years, is very outstanding. Decisions were most difficult to make, so much so that in several instances the awards had to be divided.

**DRESSES SHOWN**  
The dresses exhibited by the Grade VII classes were of a sports type, and of a variety in style and color which was most interesting.

### Garden Wedding Is Pretty

MRS. COURTLAND BRUCE LOW

An attractive but simple wedding was solemnized yesterday afternoon, at 2:30 o'clock, when Laura Brethour, eldest daughter of Captain and Mrs. T. Thompson, of Cedar Hill Road, became the bride of Mr. Courtland Bruce Low, son of the late Mr. and Mrs. H. M. Low, of Edmonton, and nephew of Mr. and Mrs. A. E. Taylor, of Oscar Street, Victoria. The bride is the eldest grandchild of Mr. and Mrs. Samuel Brethour, of Sidney. The ceremony took place in the garden of the bride's parents, with Rev. G. A. Reynolds officiating.

The bride was given in marriage by her father, and was charmingly attired in an English basket weave suit of white, with white hat and a corsage bouquet of red roses. Her bridesmaid, Miss Muriel Thompson, and Miss Molly Crowhurst were bridesmaids. Mr. Vernon Jones supported the groom. Following the ceremony, a reception for relatives only was held on return from their honeymoon. Mr. and Mrs. Low will live at the Linden Apartments.

**Clubs-Societies**  
Malahat Legion W.A.  
The monthly meeting of the Women's Auxiliary to the Malahat Branch of the Canadian Legion was held at Cobble Hill, with a good attendance of members. The president, Mrs. G. Orr, occupied the chair. A pleasing ceremony was the presentation of bouquets to Mrs. H. E. Grainger and Mrs. P. L. Watson, who recently resigned their executive positions in the branch in token of the appreciation of the members for their work and co-operation. Mrs. Grainger, past president, acknowledged the tribute with a charming speech. It was decided that the legion and W. A. picnic, tentatively arranged for July, be postponed until August, and further plans were discussed. A report from the visiting committee was given by Mrs. A. Sutton. It was agreed that a concession to serve tea at the regatta dance be applied for. The secretary read the minutes of the meeting held in Vancouver. The following resolution was sent to the convention: "That a pension be granted to the wife of a pensioner after the death of her husband, whether he be a disability pensioner, or is drawing a pension under the War Veterans' Allowance Act."

### Garden Is Praised by Tea Guests

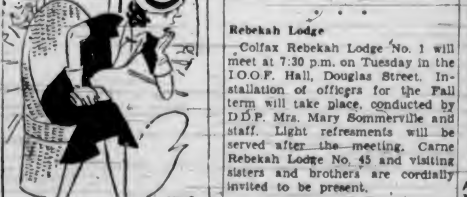

Amid the beautiful gardens of Sir Frank and Lady Barnard, the Mary Croft Equilmait Chapter, I.O.D.E., held its garden party yesterday afternoon. The ground looked fresh and lovely after the rain, and particularly admired was the corner of begonias of rare varieties.

Mrs. G. C. Jones opened the fête and was presented with a spray of lovely flowers by little Miss Elaine Hurst. Mrs. W. H. Booth, the regent, was general convener and welcomed the guests. Tea was served in the pavilion, where the warmth from the large open fireplace lent a cherry atmosphere to the room, which was lovely with Summer blooms. Beside the fireplace was a huge basket filled with Madonna lilies and purple iris. Mrs. S. Horsford conveyed the tea and was assisted by Mrs. G. P. Clarke, Mrs. T. Allen, Mrs. Haack and Mrs. Warder. Treacups were read by Mrs. A. Moscop.

The various stalls were placed around the grounds and included novelties, in charge of Mrs. C. H. Cross and Mrs. H. Cresine; candy, Mrs. McIntyre and Mrs. F. Ryley; home cooking, Mrs. A. Youngman and Mrs. J. T. Jones, and lunch and take, Mrs. J. Quinn. The cake, in charge of Gloria Horsford, was won by Lady Barnard, and the box of candy was won by Miss Phyllis Pooley. In charge of the tickets were Mrs. J. Rickett and Mrs. H. Austin.

### Stronger Defence Is Advocated by Women

Catholic Daughters of America Discuss Press, Radio and Armaments—Continuance of Digitized Films Is Urged—Officers Elected

SEATTLE, July 5 (AP)—The Catholic Daughters of America today directed their attention to the press and radio, subjects listed for discussion rather than for resolutions. The installation of newly re-elected officers and resolutions from the good of the order committee were on the programme of the national convention, which apparently disposed of most of its major business in a series of striking resolutions yesterday.

By unanimous vote, the delegates last night re-elected Miss Mary C. Duffy, Newark, N.J., supreme regent of the order, and likewise returned to office Mrs. Jennie Bartley Breene, vice-supreme regent; Miss Katharine M. Rosney, New York, secretary; Miss Frances Maher, Kane, Penna., treasurer, and Mrs. Leonore Z. Meder, Chicago, councillor.

**THE DIRECTORS**  
Directors are Catherine V. Myrlett, Cleveland, and Mrs. Anna M. Baxter, Dubuque, Iowa; Miss Mary E. McKeogh, Rutland, Vt.; Miss Veronice M. O'Connor, Omaha, Neb.; Mrs. H. P. Broussard, New Orleans, La.; and Mrs. Lulu Spilde, Springfield, S.D.

Other resolutions called for congressional investigation of "religious persecution in Mexico," the withdrawal of United States recognition of Soviet Russia, making mandatory an oath of allegiance to the United States Constitution and the flag by teachers, and the deportation of aliens failing sincerely to seek full-fledged citizenship within five years after entry to this country.

The legion of decency was supported in demanding a continuance of digitized films. The relegation of the background of motion picture stars, "whose lives have become open scandals through frequent divorces and other causes," was urged.

**Conferences**  
**To Be Held Biennially**  
CALGARY, July 5 (AP)—In future conferences of the National Federation of Business and Professional Women's Clubs will be held biennially, instead of annually. It was decided at the annual convention here today.

At the president's call, a meeting of the federation board, augmented by those in the membership able to attend, will take the form of a "conventionette" in the alternative years.

Reports of conveners of publicity, legislation and magazine were dealt with today. The convention authorized the finance committee when preparing its budget to allow as much as possible for the magazine of the federation, Mrs. Pearl L. Amli, of Winnipeg, is editor of the publication.

The election of officers will be held Saturday morning.

**ENGAGEMENTS**  
**DARTERS—OATWAY**  
The engagement is announced from Shanghai, China, of Mary Kathleen, eldest daughter of Mr. and Mrs. Edward P. Oatway, of Phippen, Sask., and Mr. George Elton Darters, only son of Mr. and Mrs. G. H. Darters, of Gloucester, England. Miss Oatway graduated in the 1931 class of the Provincial Royal Jubilee Hospital, Victoria, and since then has been on the staff of the Country Hospital, Shanghai.

**Langford**  
Mrs. H. Merry and her daughter, Margaret, who have been visiting in England for the past year, have returned to their home, "Aldersmere," in the Highland District.

Miss Skeena Smith and her brother, Mr. John Smith, have left for Vancouver, where they intend to stay for some time.

Messrs. G. Cropper and C. Thompson, who have been the guests of Mr. and Mrs. G. C. Cropper, have left for their home in Saskatchewan.

Mrs. W. Spencer, of Florence Lake, has left to visit friends on the prairie.

Mr. and Mrs. Chris Harrison are now residing at "Upper Lapalot," Langford Lake.

Mr. and Mrs. Dan Malcolm and their granddaughter, of Seattle, are visiting their son-in-law and daughter.

### Up-Island Wedding Party

A wedding group of much interest to Up-Island residents comprises Mr. and Mrs. A. L. Williams, of Nanaimo, and their attendants, Miss Margaret Thompson, cousin of the bride, who was the bridesmaid, and Mr. Frederick Rock, the best man. The wedding, which was largely attended, took place Tuesday night in St. Andrew's Presbyterian Church at Nanaimo. Mrs. Williams was formerly Miss Helene Mar Thompson. Following their honeymoon, Mr. and Mrs. Williams will make their home in Nanaimo.

### "THE CHILD"

By REGINALD H. WOODRUM, M.D., C.M., L.M.C.C.

**DEPLORABLE**  
As Mr. McKelvie and Alderman Dr. Hunter have seen fit to reveal some aspects of the deplorable condition of affairs on the Island and in this community, possibly the time has come when Victoria's public have arrived at that sublime state of being receptive to the truth.

I have inspected, examined and observed school children in various parts of the continent, but never have I seen physically and mentally inferior children in such a proportion as I saw at the display at the Parliament Buildings grounds on Queen Victoria's Birthday this year, carried out by twenty-four hundred school children of this community.

Any onlooker, close to the children, who could not see that they were, inferior, both mentally and physically, to school children in other centres, had no opportunity of comparative observation.

The overwhelming majority of the children who marched before us were quite obviously badly trained; ill-adjusted to their environment; suffering from marked constitutional conditions, such as: Malnutrition, faulty posture or anemia and such local defects as: rotte, decayed teeth, overgrown adenoids, or defective vision.

These conditions, marring the child's personality, impairing his physical and mental health, were seen on inadequate observation. Are our children really physically defective and consequently mentally inferior?

The report of the Provincial Government of the medical inspection of schools will help us. Extracts from this report will be summarized and compared in succeeding articles.

A Cockney couple visited a picture gallery and stood for some time gazing at a picture entitled, "Hawking in the Olden Days."  
"Well," said the puzzled "Enty."

### Will Entertain Ladies With Law Society Here

Garden Party, Dancing, Afternoon Tea and Other Diversions Being Provided in Connection With Annual Convention

A garden party, cocktail party, dancing, golf, and afternoon tea are included in the programme of entertainment to be provided for the ladies included in the party of 240 or 250 expected here Monday and Tuesday for the second annual convention of the Law Society of British Columbia, of which J. W. de B. Farrar, K.C., of Vancouver, is head in his official capacity of treasurer.

Under the general convenership of Mrs. Robert Harvey, a local committee, comprising Mrs. Carey Martin, Mrs. H. G. Lawson, Mrs. Charles E. Wilson, Mrs. C. H. O'Halloran and Mrs. E. V. Finland, plans are being made to look after the visiting ladies in most hospitable fashion while their husbands are attending the business sessions.

**COMMITTEE NAMED**  
The Victoria Bar Association, of which Frank Higgins, K.C., is president, will act as host to this convention, and has appointed A. D. Crease as convention committee chairman, and H. J. Davis secretary-treasurer, as the committee in charge of all arrangements.

Besides the ordinary business for the men, there will be an official luncheon at the Empress Hotel ballroom on Monday, when the guest speaker will be R. M. Willes Chitty, editor of the Fortnightly Law Journal, who is coming specially from Toronto to give an address on "The Position of the Lawyer in Society." Many of the ladies will be present at this luncheon.

**GARDEN PARTY**  
On Monday afternoon, Senator and Mrs. G. H. Barnard will entertain the convention delegates, their

### Donations Given for The Needy

Donations of clothing and household equipment were received by the Friendly Help Welfare Association from the following during the month of May:

Miss Agnew, Mrs. Barber-Stark, Mrs. Brown, Mrs. Bird, Mrs. Beck, with, Copp's Shoe Store, Mrs. Chapman, Mrs. Cowden, H. E. Donald, Mrs. Dunn, Emanuel Baptist Church, Mrs. Ellis, Mr. Firth, "Friend," Mrs. Gibson, Mrs. Gail, Mrs. Marshall, Gordon, Mr. Hughes, W. F. A. Hudson, Mrs. Leverin, Mrs. Ledson, Morgan's Shoe Store.  
Mr. H. Molson, Mrs. Porter, Mrs. Palmer, Mrs. Pennington, Mrs. Pooley, P. Richardson, Mrs. H. Ralston, Mrs. Robinson, Mrs. Sherwood, Mrs. Storch, Mr. Smith, Mr. Thompson, Miss Thorne, Mrs. Willis, Mrs. Wallinger, Mrs. Wharton, Mrs. Walker and Mrs. White.

**Sproat Lake**  
Among those who spent the long week-end at Victoria were Mr. and Mrs. Sproat, and his mother, Mrs. M. Sproat, making the trip by motor.

Mr. G. L. Calvert is spending a week's holiday visiting at Seattle and with his parents at Ladner, B.C.

Mr. and Mrs. Arthur Calvert and their son were recent visitors at Duncan.  
Mr. Edward Manning spent the long week-end visiting his parents, Mr. and Mrs. Harold A. Manning, of Vancouver.

Mr. W. Dehou spent the week-end with his family at Vancouver. It was also an occasion to bid bon voyage to his daughter, Bernice, who expects to leave shortly on an eleven-day cruise to Alaska on the Ss. Prince Robert.

Mr. and Mrs. W. Olds and their son, Glen, of Vancouver, are guests of Mr. and Mrs. F. C. Manning at their delightful lakeside home.  
Mr. and Mrs. A. W. Dunbavand, of Vancouver, were holiday guests of their son-in-law and daughter, Mr. and Mrs. David Burr.

Miss Mary Costen and Miss Isabel Brokowsky, of Vancouver, spent two weeks here as guests of Mrs. R. Venables.

Miss Mildred Sweeten, of North Vancouver, is visiting her cousin, Mrs. Ernest Shorter.

Flight-Commander Winney, of Jericho Beach Royal Canadian Air Force, piloting a Fairchild seaplane, landed at Locke's Landing, licensed seaplane anchorage, on Tuesday last. With business in Alberni, the plane made various trips, making a beautiful sight as it circled the lake, flying low. Mr. Winney and members of the crew were guests at Locke's Landing overnight Tuesday and Wednesday. This seaplane spot on the lake is considered ideal for safe anchorage.

Arriving and departing during the past two weeks were the following visitors to Kitsilano Lodge: Miss Barbara Gracie, Mr. W. J. Hayes, of Vancouver; Mr. and Mrs. F. M. MacNaughton, Mr. A. S. Averil, Mr. and Mrs. H. U. Knight, Mr. and Mrs. E. A. Ebb, of Victoria; Mr. and Mrs. J. L. Gibbs, of Duncan; Miss Violet C. Williams, of Victoria; Mr. and Mrs. J. Thompson, of Chemainus; Mr. John Thompson, Mr. Carpenter, Miss Coral A. Bennett, of Nanaimo; Miss Louise Pierce, Miss Emilie S. Pease, of Seattle; Mr. and Mrs. George C. Neas and Mr. and Mrs. R. Easton, of Vancouver.

**Duncan**  
The garden fête held Thursday afternoon by the W.A. to St. Peter's Church, Quamichan, was successful in spite of rain, netting about \$120 for the auxiliary funds. Stalls were set up in the Rectory and did a brisk trade. Bingo, managed by Misses May Compton Lundie and Nancy Hayward, was very popular.

Mr. C. Hubbard and Miss Nell Blythe had charge of the needlework stall; cooked food was sold by Mrs. W. E. Blythe, Mrs. C. P. Deykin and Miss G. Marriner; ice cream and strawberries were dispensed by Mesdames H. B. Hayward and Dennis Ashby. Tea was served by Mesdames C. Stone, E. McCall and E. B. Fry, and the waitresses were directed by Mrs. R. E. Macbean. Mrs. J. B. Green decorated the tea tables most attractively. Mrs. J. L. A. Gibbs, president of the W.A., had general supervision of the fête, and Mrs. John Fox was treasurer.

## WILL REPLY TO MANY QUERIES

Dr. Davies Continues Question Box at Empire Theatre

Dr. Clem Davies will answer the following questions on Sunday night at the Empire Theatre service:

"Do you not consider that the serious happenings in Regina on the birthday of the Dominion will prove to be a turning point in the affairs of Canada?"

"Is there a real Communist menace offered in the relief camp strike—struggle—or are the authorities deliberately forcing a crisis in order to have reasonable grounds to postpone the general election?"

"As a remedy for Canada's commercial evils as revealed by the Mass Buying Commission, do you advocate government regulation of business, or public ownership?"

"How do you justify your position that Russia will be the leading contending anti-God force among all the embattled in the Armageddon?"

"Can a person be a true follower of Jesus Christ and yet believe in military preparedness?"

"Are the Seventh-Day Adventists correct in their assertion that the day we celebrate as Sunday is not the Sabbath Day as laid down in Holy Writ?"

"What qualifications are laid down by the Native Sons and Daughters on which they base their award for Victoria's best citizen?"

"What events are shortly to transpire?"

## Titles of Leaders Engage Attention Of Presbyterians

CANADIAN Presbyterians will discuss next year whether or not they will restore to their Moderators the title of Right Reverend, which they dropped in 1925. Scottish Presbyterians did, recently, that of England, below the cognomen, as also the United Church of Canada, the latter following the Canadian Presbyterian custom up to 1925. The Presbyterian contention in 1925 was that it was alien to the democratic spirit of the church. Ex-Moderators are designated Very Reverend. Anglican deans carry the latter title and the bishops the Right Reverend.

As prefigured by the Great Pyramid prophecy? "If the world has to be converted before the Lord comes, do you not think the second coming of Jesus is a long way off?"

Will you give us the inside story of what transpired in Regina this past week in connection with the Relief Camp Strikers, which inside story we understand you have now in your possession?

At the morning service Dr. Davies will speak on "The Mind and Health; How to Secure Healthy-Mindedness."

Following the sermon, Dr. Davies will conduct a service of divine healing by anointing, prayer and the laying on of hands.

## MAINLAND PASTOR WILL BEGIN WORK

Rev. T. G. Griffiths, of Robson Memorial United, Vancouver, Comes to St. Aidan's

Rev. Thomas G. Griffiths, who begins his ministry tomorrow at St. Aidan's United Church, Mount Tolmie, has just closed a pastoral care of six years at Robson Memorial Church, Vancouver. His predecessor here, Rev. H. T. Armitage, takes charge simultaneously of the Vancouver congregation.

Born in Wales, Mr. Griffiths came to Canada in 1910, and took a course in theology in Columbian College, subsequently holding several pastorates in British Columbia. He organized the Sidney Union Church in 1920, where he spent five years, followed by three years at Salmon River, from which he went to Vancouver.

## Imagination Is Theme at Truth Centre

Rev. Gaile Dawson, of Seattle, will speak at both services at the Victoria Truth Centre on Sunday. In the morning Mrs. Dawson's subject will be "The Healing Christ." There will be a solo by A. Jackman, "Open the Gates of the Temple" (Knapp). At 7:30 o'clock Mrs. Dawson will speak on "Imagination, Its Use and Abuse." There will be a solo by Mrs. T. R. Boydson, "His Eye Is on the Sparrow" (Gabriel).

## PREACHER DETAINED

Prof. Clio Jackson, of Edmonton, whose ministry for the summer at Centennial Church was announced this week, has been detained and will not be here tomorrow. Rev. J. Wesley Churchill will be the day's preacher.

Ten thousand persons gathered in the courtyard of the Castle of Elsinore, in Denmark, on Wednesday, for a broadcast demonstration of the Oxford Group Movement. The speakers represented the Scandinavian countries, England, America, Canada and Holland.

## ASSISTANT TO TAKE SERVICE

Rev. E. W. Horton Will Give First Sermon at First United in Evening

The new assistant, Rev. E. W. Horton, B.A., will conduct his first service in First United Church on Sunday evening. The subject of his sermon will be "From Everlasting to Everlasting."

The morning service will be taken by Rev. W. G. Wilson, D.D., who will preach on "Well Anchored." At the close of the morning service the sacrament of Baptism will be administered.

## TO COMMENCE SERMON SERIES

Desire for Happiness Dean's Theme—Afternoon Open-Air Service

Holy Communion will be celebrated in Christ Church Cathedral on Sunday at 8 and 11 o'clock. The preacher at 11 will be Rev. T. R. Lancaster. An open-air gathering, under the auspices of the Oxford Group Movement, will be held on the lawn beside the outside pulpit at 3 o'clock, when all interested in evangelism are invited to be present.

Dean Quinlan will commence a series of sermons on Sunday evening, having as the general subject "Jesus Christ—the Fulfillment of Human Desire." The particular subject for Sunday night will be "The Desire for Happiness."

Next Sunday will be kept as "Gift Sunday," when an effort will be made to reduce the deficit at present remaining on the Cathedral sardens accounts.

## WILL SHOW FAITH TO BE PRACTICAL

Dr. T. C. Hipp's Sunday Morning Topic at 940 Mears St. Will Be "Christ Consciousness"

Services will be conducted on Sunday by Dr. T. Christie Hipp, his address subjects being, at 11 o'clock, "The Christ Consciousness," and at 7:30, "Faith as a Practical Science." The meetings will be held at 940 Mears Street. The atmosphere of this little hall, with its organ, was much appreciated last Sunday.

The best in science psychology and metaphysics is incorporated into the lectures which Dr. Hipp gives. The healing meeting will be held on Thursday at 8 o'clock.

## INSPIRATION IS AIM OF SERMONS

Dr. W. J. Thompson, at City Temple, Will Recount Encouraging Signs of Times

Inspirational topics are promised at Victoria City Temple, 842 North Park Street, tomorrow. The pastor, Rev. W. J. Thompson, will preach at 11 o'clock on "Encouraging Signs of the Times." The City Temple choir will sing "O Lord, Our Strength" (Auber).

At 7:30 o'clock Dr. Thompson will give a special message entitled "A Man's Life." The choir of the City Temple will present Smart's anthem, "The Day Is Gently Sinking to a Close."

## Large Proportion of Presbyteries Would Ordain Women

AFTER the meeting of the General Council of the United Church of Canada in 1934, women may be ordained to its ministry. Of 103 presbyteries, seventy-nine voted for this and twenty-six against. All of Manitoba's ten presbyteries were in favor and six out of British Columbia's seven. The Eastern provinces showed themselves conservative, the Maritime and Bay of Quinte Conferences voting against the proposed action. Toronto Conference went eight to four and Hamilton went one in favor of the proposal.

## LOCAL PASTOR IS CONFERENCE HEAD

Rev. J. A. Hughes, of Broad Street Pentecostal Assembly, Will Supervise B.C. District

At the annual District Conference of the Pentecostal Assemblies of Canada, held at Port Moody, June 18 to 21, Rev. J. A. Hughes, pastor of the Broad Street Church, was elected Superintendent for British Columbia.

Mr. Hughes will continue as pastor of the local church, while supervising the field with the aid of four field directors, Rev. H. E. Winburn, Vancouver; Rev. C. A. C. Storer, Port Moody; Rev. E. B. Neve, Grand Forks; and Rev. J. Purse, Kimberley. On Sunday morning Mr. Hughes' Novikov, will be rendered as a quartet by Mrs. J. T. Keating, Mrs. P. C. Richards, L. Abbott and F. A. Wardle.

At the evening service, which lasts for one hour, Dr. Henry will preach on "Big Lives Needed for Big Deeds." Alex. Hubbard, of Vancouver, will sing "Conquer and Hear Me" (Pepper) and "Like as the Hart" (Novikov). The choir will sing a quartet by Mrs. J. T. Keating, Mrs. P. C. Richards, and Messrs. Abbott and Wardle.

Dr. Henry will close the season's work on Sunday, July 21. The last Sunday of July and during August, Rev. W. W. Thompson, B.A., D.D., of Kelowna, will occupy the pulpit.

## LIVES AND DEEDS TO BE CONNECTED

Dr. Henry Will Preach on Sources of Great Action—Morning, "Impossible Concessions"

The ordinance of Baptism will be administered.

The special message will include a solo, "How Lovely Are Thy Dwellings" (Liddle), by A. W. Lucking, and a quartet, "That's Why I Love Him" (Lawrence), by Mrs. J. T. Keating, Mrs. P. C. Richards, L. Abbott and F. A. Wardle.

At the evening service, which lasts for one hour, Dr. Henry will preach on "Big Lives Needed for Big Deeds." Alex. Hubbard, of Vancouver, will sing "Conquer and Hear Me" (Pepper) and "Like as the Hart" (Novikov). The choir will sing a quartet by Mrs. J. T. Keating, Mrs. P. C. Richards, and Messrs. ## "God" Will Be Subject Of Sermon

"God" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday. The gospel text is: "There is none like as the Lord; there is none beside Thee; neither is there any rock like our God" (1 Samuel ii, 2).

Among the citations which comprise the lesson-sermon is the following from the Bible: "And thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind, and with all thy strength; this is the first commandment" (Mark xii, 30).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Let us rid ourselves of the belief that man is separated from God, and obey only the divine Principle, Life and Love. Here is the great point of departure for all true spiritual growth."

## BISHOP SEXTON AT ST. MARY'S

The New Diocesan Will Preach Sunday Morning at Oak Bay Church

The following services will be held at St. Mary's Church, Oak Bay, on Sunday, July 7, 11 A.M. and 7:30 P.M.; Matins and sermon, 8 A.M. and 12 noon; Matins and sermon, 7:30 P.M. It is hoped that there will be a large number of young people at the 8 o'clock celebration.

The preacher at 11 o'clock will be Rt. Rev. H. E. Sexton, Bishop-Coadjutor of Columbia. The rector will preach in the evening.

On Thursday morning, at 10:30 o'clock, there will be a celebration of Holy Communion.

## MARTYRS' DEATH TO BE RECOUNTED

China Inland Missionary Will Tell of Murder of Mr. and Mrs. J. C. Slade

Rev. George T. Slade, of the China Inland Mission, will occupy the pulpit both morning and evening at Central Baptist Church tomorrow.

Mr. Slade has been on the mission field in China for twelve years in the Anhwei Province. He was with Mr. and Mrs. John C. Stam in Ningkuo, prior to their leaving for Tientsin, at which place they were brutally murdered by Communists. Mr. Slade will bring a first-hand account of these noble martyrs, Betty and John Stam.

A specially arranged gospel musical evening will be conducted by Robert Harkness, pianist and composer, on Friday, July 12, at 8 o'clock.

## TRANCE ADDRESS WILL BE OFFERED

First Spiritualist Church; Sons of God, 1141 Broad Street, will offer a public circle in Room 530 on Sunday at 3 o'clock to be conducted by Miss Pearson. At the evening service there will be a trance address followed by Mrs. T. Allan, message bearer. The messages will be given by flowers.

## AIMED TO REVIVE DROOPING SPIRIT

Dr. A. S. Imrie Has Cheering Theme at Emmanuel Baptist—Evening, "Man Christ Jesus"

The drooping spirit of man is challenged on Lord's Day evening at Emmanuel Baptist Church, as Dr. A. S. Imrie, of Toronto, will discuss the theme, "The Drooping and Trusting Spirit Revived." The subject for the morning will be "The Man Christ Jesus."

Special music, under the leadership of W. H. Muncy, will be given. Soloists for the evening are Mrs. Geo. Erickson and James Imrie.

## What Today Means

"CANCER"  
If July 6 is your birthday, the  
best hours for you on this date are  
from 10:15 a.m. to 12:15 p.m., from  
8:15 to 9:15 p.m., and from 7:15 to  
8:15 p.m. The danger periods are  
from 8:15 to 10:15 a.m., from 12:15  
to 2:15 p.m., and from 9:15 to 11:15  
p.m.

Should you meet a friend this day  
of the busybody variety, knowing his  
or her unfortunate proclivity, do not  
let it unsettle your equanimity. Con-  
ditions will probably be more favor-  
able for sports and entertainment,  
especially those of the get-together  
type. Be careful not to allow a  
superabundance of exuberance to  
cause you to disregard its effect upon  
others, for if it proves disturbing,  
embarrassment may result. It will  
not be wise to seek disunion in  
trowds on this day or indulge in

morbid curiosity. You may meet a  
friend's precocious child, and it will  
be good judgment to exercise re-  
straint—should you feel tempted to  
express your opinion regarding his  
lack of manners. Remember that  
personal criticism is seldom relished.  
A frivolous attitude or reply during  
a serious conversation will be a grave  
mistake, so suppress any inclination  
to be funny. Married and engaged  
couples, and those hopeful of bak-  
ing in Cupid's smiles, will keep out  
of trouble if they will bear in mind, just

A soft answer turneth away wrath.  
—If a woman and July 6 is your  
birthday, any lack of self-assurance  
on your part is likely to create the  
wrong impression when you meet  
strangers, so overcome it. Do not  
appear reluctant to participate in  
conversations. Avoid allowing your  
attention to wander or be distracted  
while someone is talking. You are  
almost too methodical for your own  
good. Do not allow small annoyances  
of a domestic nature to be mistaken for things  
of importance. Be sure to stir up a  
spoke of irritation which is not likely to be the case

If you wish to be happy. Your mar-  
ried life will be filled with joy if you  
refrain from fault-finding. Office  
detail or secretarial work, teaching,  
or acting as a saleslady, are among  
the vocational activities in which  
you should succeed.  
The child born on July 6 may,  
when it reaches school age, have to  
be taught how to assert itself, and  
not to allow others to impose on its  
good nature. Rashfulness might  
otherwise be mistaken for timidity,  
which is not likely to be the case

If a man and July 6 is your natal  
day, your power of concentration  
should assure your success as an  
educator, physician, engineer, or  
anthologist, clergyman or artist.

Annual Church Parade  
To Take Place Sunday

The annual church parade of the  
LOCAL B.O.A. and L.T.B.A.  
will be held tomorrow. All members  
and visiting sisters and brothers are  
asked to meet at the Orange Hall,  
Courtney Street, at 10:15 a.m.  
where the parade will be formed  
and headed by the Salvation Army  
Band, will proceed to the Salvation  
Army Citadel on Broad Street,  
where the adjutant will give the ad-  
dress.  
On July 12 a picnic will be held at  
the Experimental Farm, the first  
bus leaving the hall at 10 a.m. Those  
desiring information are asked to  
contact their lodge delegates and

let them know by Wednesday, July  
10, if they will attend the picnic.  
Tickets for transportation may be  
obtained from the members of the  
committee.

she was pinched for reckless driving.  
But she never faced the court.  
Though her fast and reckless driving  
was a thing of bad report:  
For the pinch for reckless driving  
That had turned the maiden pale  
Was the pinch beneath the harness  
When she tried to drive a nail.

## Net Finals Billed This Afternoon At Victoria Club

Good Tennis Expected as Annual Championship Meet Draws to a Close—Defending Champions Still in the Running—Prizes Will Be Presented Later in the Day

In progress for the past two weeks, the annual championships of the Victoria Lawn Tennis Club will be brought to a close this afternoon on the well-kept courts, Fort Street, when the finals in all divisions will be played and the 1935 champions named. Defending champions, survivors of many hard-fought battles, will be seeking their second successive titles as another successful tournament is being culminated. Silverware, symbolic of the many championships at stake, will be presented at the conclusion of the matches.

Play will commence at 1:30 o'clock with the women's and men's singles. Miss M. Philpotts, defending titleholder, will oppose Mrs. S. P. Birley in the final of the women's singles. The men's singles final promises to be a great battle as champion meets champion, with Ross V. Hocking, 1934 titleholder, opposing J. D. D. Campbell, 1933 monarch. The other finals should all be productive of some good tennis and keen competition before the new champions are named.

## SAILORS GAIN INITIAL WIN IN BALL LOOP

Defeat League Leaders 8-6 In Commercial League Fixture

LUCKING along gamely in spite of a number of setbacks, and taking the "renewed" with a smile, the Navy Commercial Baseball League nine finally broke their losing streak yesterday evening at the Royal Athletic Park when they handed the Eagles, present leaders, an 8-6 defeat, in a seven-inning fixture.

Taking advantage of Jimmy Proudlove's early wildness, the sailors pushed across five runs in the first frame, and another in the second stanza to gain a six-run lead. Eagles scored a pair of markers in the third inning, and staged a sixth inning rally that netted them four markers before it was halted. The sailors added one marker in each of the sixth and seventh frames for a total of eight runs, two more than the league leaders could manage to push across.

### Both Clubs Collected Nine Bingles, while Proudlove and Parker, opposing hurlers, breezed eleven and six hits, respectively.

## Ruler of Tennis Courts

FRED PERRY

World ranking tennis player, of England, who continued to rule the famous courts at Wimbledon for a second successive year, yesterday, when he retained his men's singles honors in straight sets, by defeating the German contender, Baron von Cramm, 6-2, 6-4, 6-4. Von Cramm played good tennis, but could not match the brilliant shots of the Briton as he broke through the German's service time and time again.

## Play Starts Today in Esquimalt Net Tourney

Big Entry for Annual Championships in Adjoining Municipality—Defending Champions Will Be on Hand to Retain Laurels in All Divisions

With a large entry in all divisions, the ninth annual Esquimalt tennis championships will open this afternoon at the Hillcrest Club courts, in this division before the new titleholders are named. With such strong combinations as Hoss V. Hocking and Eric Cox, Jack Wilkinson and Davey, former champions, entered, the men's doubles field is exceptionally strong and should provide plenty of good tennis. Mrs. Erickson and Miss Biddy Boyce, women's doubles champions, will be favored to retain their laurels in this division. However, with such strong combinations as Hoss V. Hocking and Eric Cox, Jack Wilkinson and Davey, former champions, entered, the men's doubles field is exceptionally strong and should provide plenty of good tennis.

Some good competition is expected in the mixed doubles, where Miss Biddy Boyce and Herb Davey will be on hand to defend the title they annexed last season. Other strong teams include Mrs. Moore and Ross Hocking, C.P.R.; Mrs. Boyles and Mrs. Queene, Langford; and Mrs. Herring and V. Hicks, recently-crowned Hillcrest Club titleholders.

Competition in the ladies' singles is expected to be exceptionally keen, with the defending champion, facing plenty of good opposition. Fraser Street, and will last for two weeks. Club champions from the men's clubs in Greater Victoria are entered, and indications point to this year's event being the best since the first meet nine years ago.

Heading the entry list with fifty entries is the men's singles. The field includes Jerry Bowden, present champion; Jack Sheret, recently-crowned C.P.R. titleholder; Jack Wilkinson and Cam Brown, of Langford; Alan Wright, Hillcrest champion and former Esquimalt titleholder; and Ralph Butler, one-time Esquimalt singles winner.

## DOUBLE PAYS HEAT PRICE ON MAINLAND

Outsiders Figure in Daily Double at Lansdowne and Return \$255.60

VANCOUVER, July 5.—Long shot punters finally came into their own in the six-day-old season at Lansdowne Park today, when two outsiders came home in front in the second and third races to pay double figures for straight win tickets and combined for a daily double total of \$255.60.

Another long shot romped home ahead of the field in the seventh event, Deep Beach, paying off at the rate of \$13.55, \$4.60 and \$2.80. Tableau Vivon outgamed the rest of the field in the second race to pay \$23.30 for a nose ticket, and Sir Val captured the third to reward backers with \$23.50 on a win ticket.

## FRED PERRY TRIMS GERMAN CONTENDER IN STRAIGHT SETS

World Ranking Tennis Player Continues to Rule Courts With 6-2, 6-4, 6-4 Victory in Final Over Teuton—Briton Uncorks Brilliant Game—Women's Final Today

WIMBLEDON, Eng., July 5.—Great Britain's peerless Fred Perry set a mark for future tennis generations at a day when he crushed Baron Gottfried von Cramm, of Germany, in straight sets, 6-2, 6-4, 6-4, and thus became the first playing-through champion in Wimbledon history successfully to defend the men's singles crown.

If there was any previous question of Perry's right to dwell among the tennis immortals, the ease with which he erased the blond baron supplied the last word in the argument at stake.

Perry dominated the centre courts only barely sharing the applause from the capacity crowd of 18,000 with Von Cramm. The German played sound tennis all the way, but it was entirely unavailing against Perry's court genius.

The absence of any real excitement or doubt over the outcome after the opening games made the match seem an almost tame prelude to the renewal tomorrow of the bitter feud between Helen Jacobs, United States titleholder, and her old Nemesis, Helen Wills Moody, with the Wimbledon women's crown at stake.

Neither Helen would oblige with any fiery pre-battle statements. Both simply brought out their cushions, watched the men's final and then practised briefly on outside courts.

Only One Circuit Behind Pace Babe Ruth Set in 1927 When He Hit Sixty Homers—Tigers Now Within One and One-Half Games of Leaders—Dodgers Beat Giants

**AMERICAN LEAGUE**  
DETROIT, July 5 (AP).—Hank Greenberg, the Tigers' clouting first baseman, fired a couple of shots at the home-run records today when he belted two baggers and led Detroit in a 16-1 rout of the St. Louis Browns.  
The victory enabled the Tigers to reduce the New York Yankees' lead to one and a half games as the league leaders were kept idle by rain.  
Greenberg's home runs were his twenty-fourth and twenty-fifth of the season, putting him only one circuit away behind the pace Babe Ruth set at this stage of his famous 1927 home-run-hitting spurge when he established the major league record of sixty homers in one season. That year Ruth hit his twenty-fifth on June 30 and had only one more when he played the July 4 turning point, getting No. 27 on July 8.

**Cuyler Goes to Cincinnati Reds**  
CINCINNATI, July 5 (AP).—The Cincinnati Reds outbid five other major league clubs today, resulting in a job for Hazen (Kiki) Cuyler, a little more than forty-eight hours after he was dropped by the Chicago Cubs.

He agreed to report here next Tuesday.  
By this morning he had bids from the Dodgers, Pirates, and Reds of the National League and White Sox, American League. The Reds talked bigger figures and landed him.

**PLAYERS TO MEET**  
All members of the San Francisco Liberal softball team are asked to be at Hampton Road grounds tomorrow, at 2 p.m. in order that they may secure transportation to Langford where they will play a game at 3:30 o'clock.

**WRESTLES IN MAIN EVENT TONIGHT**  
COLORFUL Italian grappler, who returns to the Tillikum gymnasium tonight to headline Promoter Fred Richardson's all-midweight eight-squirm card, Parelli is billed to go eight ten-minute rounds with Johnny Coyle, Boston. "Two Gun" Bob Miller, rugged Chicago mat man, and "Dutch" Osborne, California exponent of the grunt and groin pastime, will battle in the five eight-minute round semi-windup. A local preliminary will open the show at 8:45 o'clock.

**NET TOURNAY ENDS TODAY**  
Doug Cameron Qualifies for Three Finals in Interior Tennis Tournament

KELOWNA, July 6 (AP).—For the second successive year Doug Cameron, husky Vancouver southpaw, has won his way through the finals of the Kelowna tennis tournament, with the possibility of lifting three interior championships in Kelowna's annual "tennis week." Cameron, defending titleholder in the singles and men's doubles, also gets another crack at the mixed crown in the grand roundup today as the result of brilliant victories in Friday's events.

Blocking Cameron's path to repeated triumphs is nimble-footed but spectacular Howard Langlie, of Seattle, 1929 champion. Langlie flashed brilliant tennis as he eliminated Colin Milne, young Vancouver star, in straight sets, then paired with Daphne Fernie, of Kamloops, to beat Ed Forst and Susie Milne in a three-set mixed doubles battle.

Langlie's chops, slices and top-spin loopers had young Milne completely baffled in the first set of their match, which Langlie won 6-2. Colin caught on in the second set, and making many spectacular recoveries, held his more experienced rival even for ten games, to lose out in the eleventh and twelfth.

**REACHES FINAL**  
Cameron got his final bracket in the singles in a manner not quite so satisfactory. His opponent, Harold McLean, suffering from a sore arm, defaulted in the second set with Cameron leading 3-2, having won the first 14-12.

Mixed events furnished the most dynamite, with Cameron and Betty Lytle of the British Columbia Electric Club, Vancouver, stealing the show as they hammered out a three-set win over the brother and sister team of Jean and Colin Milne. The Milnes retrieved a couple of match points before finally going down.

6-8. Cameron and Miss Lytle won the first set, 6-1, but dropped the second, 7-9.

Susie Milne and Ed Forst got away to a good start against Langlie and Miss Fernie, winning the first set 6-3 and taking the second set 6-4. Jean and Susie Milne, finalists in the singles Thursday, won a final bracket in the women's doubles as they beat Betty Lytle and Edy McArthur, 12-10, 6-2. The losers had three set points in the opening. Another Milne team, Daphne and Mary Fernie, moved into the finals in this event Thursday.

Cameron and Ed Forst joined Langlie and Colin Milne in the men's doubles final with a 10-8, 7-5 win over the Vancouver team of E. G. Russell and George Fudge, who put up a surprisingly stubborn battle. Peter Dewdney, of Nelson, became the new junior champion as he took a close final from George Murray, of Trail, 6-6, 6-4. Erica Willis, of Kelowna, won the junior girls' title from Janet Hoy, also of Kelowna, 6-2, 6-0.

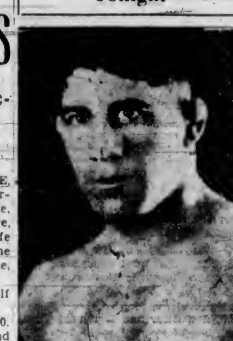

**VICTORIA AUTO RACERS DO WELL**  
Smith, Allen, Logie and Laird Complete at Silver Lake Track at Independence Day Meet

Victoria automobile racing drivers returned to the city yesterday after competing Thursday, July 4, at the Silver Lake track, where they carried off some of the prizes.

With Judd Taylor at the wheel, the Ed Allen and Jack Smith Special took fourth honors in the time trials, and won the fifth race in competition with some of the leading drivers in Washington and Oregon. Duke Bailey, a close contender for the Northwest championship, was second to the Victoria car in this event. There were six cars in the race.

Jimmy Logie, Victoria driver, was second in the consolation event, Jimmy Laird, another local racer, took part in the time trials, but was unable to complete in the other events because of a broken axle. Ed Allen and Jack Smith won a fourth prize in the five-lap race, the first open event on the programme.

**STOCKERS WILL OPPOSE INDIANS AGAIN TOMORROW**  
Stockers, Commercial Baseball League nine, will journey to the Sonfries Reservation tomorrow afternoon to meet the Victoria Indians in an exhibition baseball fixture at 2:30 o'clock.

Last week the Indians checked in with an 8-6 victory over the moving men, but Stockers have visions of reversing the call in tomorrow's battle.

"What's the matter, old boy?" asked Jimmie's friend. "I've never seen you looking so seedy."

"I've got to go abroad at once," remarked Jimmie, gloomily.

"Nonsense! These doctors mustn't frighten you out of your life like that!"

"It wasn't a doctor. It was a lawyer."

## REPLACES DICKEY

CHICAGO, July 5 (AP).—Rollie Hemely, of St. Louis Browns, today was named to replace Bill Dickey, of New York, as the third string catcher for the American League all-stars in their game against the National League stars at Cleveland next Monday. Dickey has been forced out of the lineup by injuries.

Manager Mickey Cochrane, of Detroit, manager of the Americans, and Rick Perrell, of Boston Red Sox, are the other catchers.

**C.Y.P.C. NINE WINS**

## Tour of Scots' Football Squad Nets Big Profit

WINNIPEG, July 5 (AP).—A profit of \$13,207 was shown on the recent tour of the Scottish Football Association team in Canada and the United States, Sam Davidson, secretary of the Dominion Football Association, stated tonight.

Receipts from the twelve games played totaled \$40,039, and expenditures \$26,832. Mr. Davidson's report showed. The net profit was divided equally between the two associations, \$6,603 going to the Scottish body and a similar amount to the Dominion Association.

## HELEN MOODY IS FAVORED

Former Queen of Courts Picked by Californians to Win Today's Match

SAN FRANCISCO, July 5 (AP).—Seven thousand miles away from Wimbledon, in the home sector of the two famous Heleins of tennis, it was Helen Wills Moody who was favored today to beat her arch-rival, Helen Jacobs, tomorrow, in what is expected to be one of the great court battles of the age.

The Berkeley Tennis Club, home club of both stars, polled strongly in favor of Mrs. Moody, but not for sentimental reasons. The consensus was that the older of the two Heleins would come through with flying colors mainly because of her court strategy.

Miss Jacobs had her supporters, too, who believed she would prove conclusively this time she is the better of the two players, thus settling a two-year argument that has been raging since Mrs. Moody injured her back and defaulted during the national classic at Forest Hills, N.Y. Miss Jacobs was leading at the time.

**FLIGHT** .. by W. D. TIPTON and J. H. MASON

ON JULY 2ND, 35 YEARS AGO, THE FIRST ZEPPELIN FLEW FROM A FLOATING PLATFORM ON LAKE CONSTANCE. THE FLIGHT LASTED 20 MINUTES AND TOP SPEED OF 8 MILES PER HOUR WAS ATTAINED.

COUNT Ferdinand von Zeppelin, first design was a rigid ship. It had a light metal framework which was covered with fabric, thus maintaining the shape of the outer envelope. Within the skeleton a number of small spherical balloons containing the hydrogen furnished the lifting force. Riggers and elevators were not used, but a weight, slidably mounted on the keel, provided up and down control. The airship was stored in a floating hangar on Lake Constance so that it could be faced into the wind when the ship was being moved in or out. The first flight lasted twenty minutes, during which a speed of eight miles per hour was attained.

**PIN MONEY**

Today, pin money may be used for almost anything—it is expended for minor clothing, saved to purchase a piano, a home or a Government bond; accumulated for a vacation or other luxuries.

The one thing that distinguishes pin money from other money is that it consists of funds intended for personal and private use as distinguished from what goes into the family budget as it were. It is this sense, which preserves, for the phrase, in part, at least, its original meaning.

For pin money was at first a lady's allowance to be spent on pins alone. These, in the beginning of their

manufacture and for some time afterwards, were quite expensive.

When pins became cheap, and their purchase no longer an expense worth considering, the pin money which formerly provided them went for other feminine fancies, the expression staying on.

A teacher in a Council school in a mining village had occasion to punish one of the children in her class. The child went home with a tale of woe which brought an indignant mother to see the teacher.

"What did you punish my little girl for?" she demanded.

"I punished her for copying," was the reply.

"Copying?" came the scornful retort. "You punished a child for copying! Let me tell you, miss, that you must have done a bonny lot of copying, or you would never have been where you are."

## RAILWAY BOARD WILL SIT HERE

Five Applications to Come  
Before Commission on  
Friday Next

Next Friday, commencing at 10 o'clock in the morning, there will be a sitting of the railway commission in the Courthouse in Victoria when five applications will come before the body for consideration.

One of these covers the request of the Canadian National Railways for the cutting out of the Patricia Bay section of the railway line in view of the fact that the transfer of freight is now being made directly with the Outer Wharf in the city. The request is to be made to eliminate the line from Patricia Bay Junction to Patricia Bay and also the Sidney branch connecting therewith. The total mileage affected is 15.82.

The Department of Public Works of the Province will apply for the elimination of two crossings of the V.V. & Eastern Railway Navigation Company's line at Laurier, B.C., and asking for a grant from the Railway Grade Crossing Fund in part payment of same.

Another matter to be brought up will be that of greater protection at the highway crossing east of Dewdney Street in Cascade subdivision of the Canadian-Pacific Railways.

An application will be made also for the repairing of certain fences by the Canadian National Railways at Mile 54, Cowichan district.

The district of Saanich has also a matter regarding the Tillicum Road crossing of the Canadian National Railways.

## HEATING SYSTEM TO BE DISCUSSED

City Council on Monday Evening  
Will Consider Offer of Engineer  
To Make Survey

Revision of the City Hall heating system will be discussed by the City Council on Monday evening. An offer has been received from A. C. R. Youill, Vancouver engineer, to survey the premises and draw up a report for a fee of \$300. At present the building is kept warm by numerous stoves, open grates and gas heaters.

Purchase of \$3,365 worth of supplies for the fire department, on recommendation of the fire wardens, will be gone into.

The mayor and aldermen will deal with a letter from Cecil French urging demolition of the old church building on the corner of Courtney and Gordon Streets. Mr. French contends that the structure is an eyesore and a fire menace.

A letter from R. R. F. Sewell, secretary of the Union of British Columbia Municipalities, advising of the convention to be held at Harroton Hot Springs on September 11, will be dealt with. Resolutions for presentation must be in Mr. Sewell's hands by August 10.

## That Body of Yours

(By James W. Barton, M.D.)

### A SIMPLE METHOD OF TREATING POISONING BY DINITROPHENOL, THE WEIGHT-REDUCING FOOD

A drug which will increase the heat of the body to such an extent that it removes excess fat even more rapidly than can be accomplished by hard, vigorous exercise is naturally going to become very popular with those who are overweight.

The fact that it is a dangerous drug when an overdose is taken, or in those who are "sensitive" to it, is not taken seriously by many because of the fact that this drug—dinitrophenol—may be obtained at any drug store without a physician's prescription.

Dr. M. L. Tainter, San Francisco, one of the originators of this drug in the reduction of weight, issues a timely warning about the symptoms of dinitrophenol poisoning so that physicians and others may now keep the fact of the poisoning by this drug in mind.

There is nausea, flushed skin, restlessness, marked sweating, rapid and deep breathing, and fever. As the fever increases, the breathing becomes very rapid and very deep until the victim is using all the muscles of his chest in a terrific effort to force more air into the chest. There may be pain in the chest, tightness about the breastbone, as well as sensations of intense heat.

Unfortunately there is no chemical antidote that will go to counteract the poison in the body, so that treatment of the symptoms and removal of the drug from the body is the first thought.

The stomach should be washed out with large volumes of water, preferably containing baking soda—about a tablespoonful to the pint—in order to overcome the acid of the stomach, which would prevent the dinitrophenol dissolving in the water. A large volume of water may be left in the stomach to take the place of the water that has been lost by the profuse sweating.

The fever may be overcome by putting the victim in a bathtub containing ice water, or in an ice pack. This will generally reduce the body temperature very quickly and keep it within normal limits. The cold prevents the dinitrophenol creating more heat.

The above treatment has been used successfully by Dr. Tainter and his associates in the emergency service and hospitals in San Francisco.

Now that dinitrophenol is being used so extensively, the knowledge of the above treatment of dinitrophenol poisoning may save many lives.
